BELLACASA

It's a time of change, of opening doors and sharing our homes with friends and loved ones.
The time to look at the future with excitement, of making new projects.
It's time for renovation -It's time for Bellacasa.

MOSAICS

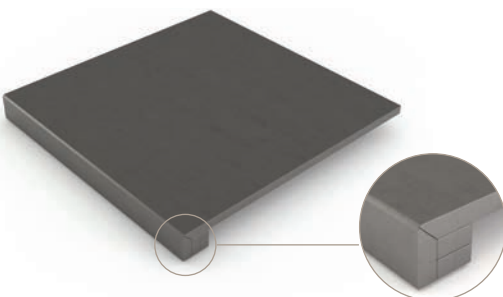

As a result of its craft manufacture and the use of special materials in its production (natural stone, glass, metals, resins, etc.), there may be variations in the gauge, texture, design and shade of this product. These variations give the product its own personality and uniqueness. For this reason, no claims will be accepted on the grounds of these variations. All the series of Grespania Mosaico can be used on floors and walls, except the MUSA series, which is to be used exclusively as a wall-covering. For other uses please contact our sales department. The Musa collection is not resistant to acid nor alkaline. Use neutral adhesives and grouting materials when laying always removing the remains prior to cleaning with a sponge or flannel and using neutral detergents without scrubbing.
