Please note that product images are shown for indicative purposes only and colour reproduction throughout this catalogue is as accurate as printing techniques allow.

Although we endeavour to communicate any changes as soon as possible, we reserve the right to amend or withdraw products contained within this catalogue at any time without prior notice.

As variations in colour, shading and texture may occur between different batches of tiles, we recommend you purchase sufficient tiles in one go to complete a project. Natural stone products will vary in shade and texture and no two pieces are identical. Please ensure a satisfactory blend of shades can be achieved BEFORE fixing as claims relating to variations that were apparent before fixing will not be accepted once the tiles have been installed.

Please refer to our Terms & Conditions of Sale for further details.
