For over 100 years, Harrison Bathrooms has hand-picked quality bathrooms, creating stunning collections and building a reputation for delivering the finest suites.

Today, this family-run business continues to only offer the best. We specialise in creating bespoke products, designed exclusively for use in the UK market.

Scudo is a brand and trading name - owned by Harrison Bathrooms Ltd.

Harrison Bathrooms is proud to have been named twice as one of Britain's private companies with the fastest-growing sales.

SCUDO BEHIND THE SCENES

We prioritise quality above everything else, delivering precision-made products across every collection. From full bathroom suites to the finer details, each piece is created to the highest standards. Plus, with Scudo, every corner of your bathroom is catered for, so you can buy everything you need right here.

We pride ourselves on having an in-depth knowledge of every item we offer, so you're certain to receive excellent service from the start of your bathroom creating journey to the moment it's completed.

INNOVATIVE DESIGN

Boasting the ultimate collection for any bathroom, our product ranges are made to last. We use robust materials throughout, meaning that many of our products are designed and manufactured to surpass most of the world's quality standards. As well as using durable, dependable materials, we also provide a range of styles and designs. Whether you want traditional handmade furniture, sleek brassware, or a modern, glistening stainless steel finish, there is something to suit a variety of tastes. Whichever design you choose, you'll find that every fitting is made with passion and built to bring instant style to any 21st century home.

A NAME YOU CAN TRUST

We know that our customers expect different things of their bathrooms. Some require space saving fittings while others want to update the space to fit with the rest of their home. Our product ranges meet a range of needs and are covered by a lifetime guarantee, so you can enjoy added peace of mind when you choose us.

Whatever you're looking for, you'll find it here. This eclectic selection of beautiful bathrooms is guaranteed to make your next bathing experience one to remember.

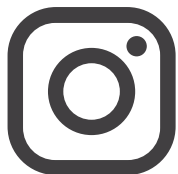

EQ Product catalogue is available on EQ for trade customers

All of our products are covered by a lifetime guarantee.

See website for details.

SOFT CLOSE

RIMLESS

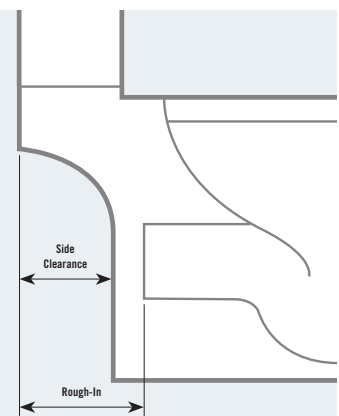

Our rimless WCs have no ledges, reducing bacteria and limescale growth. Smooth surfaces allow for easy cleaning and germs have nowhere to hide. With the unique flush system water is projected around the pan, giving an even flow of water over the whole surface of the bowl.

PUSH BUTTON QUICK RELEASE FOR CLEANING

ROUGHING-INS & SIDE CLEARANCE

Dimensions from the rear of the pan outlet to the wall and side clearance, which can allow flexible fitting options.

AMBIENCE

AMBIENCE RANGE FEATURES

For something truly special, the Ambience collection combines high spec styling with contemporary features. Comprising a sleek basin, tall boy and matching mirror, each piece in this range is designed to enhance your bathroom and add an element of sophistication.

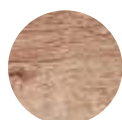

Ambience is available in a choice of four colours. Rustic Oak, which offers classic, homely wood tones, and Grey Oak, a chic, neutral shade. Also available in a classic Matt White and Matt Grey so you can be assured there is a colour to complement your bathroom.

For practicality with a modern twist, there are sensor-operated, battery-powered LED lights lining the drawer beneath the basin, enhancing the usability of this unit and offering a neat lighting solution. The basin comes in a choice of white or grey poly-marble and a chrome and black overflow are included as standard, so it's possible to try both options out to see which fits the space best.

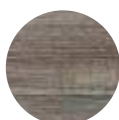

In addition, both the basin and tall boy are wall-hung, freeing up valuable floor space and making them ideal for compact bathrooms. A frame shelf is an optional extra that can be added to the tall boy and basin to provide further storage and shelving.

The units are either 600mm or 800mm, making this collection suited to an array of bathroom sizes.

BELLA RANGE FEATURES

The Bella range of furniture spans both floor standing and wall hung options.

Choose between a range of sizes, from a more compact 600 width basin up to a luxurious 1200 double basin size. Basins are high quality stonecast to ensure the sweeping lines are crisp and clean, topped with an anti-bacterial high gloss finish.

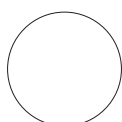

All Bella units feature a metal drawer box mechanism, meaning the action of the sliding drawer remains smooth and stable throughout its life in your home. The mechanism is soft closing with a smooth and controlled closure.

The matching tall boy unit offers huge storage space for toiletries, and is perfect for large families.

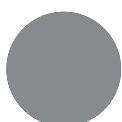

All of the wall mounted furniture features adjustable hangers to ensure your furniture can be installed easily and can withstand the daily use in a busy family bathroom.

CLASSICA

CLASSICA

CLASSICA RANGE FEATURES

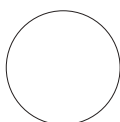

A timeless range designed to suit any bathroom, the Classica collection is the perfect balance between modern and traditional, combining refined lines with a classic look.

Classica can be configured to suit most bathrooms. Multiple elements from the range work neatly alongside each other to give the appearance of a fitted bathroom. Alternatively, pick out individual pieces to work as standalone vanity and WC units.

This sophisticated and highly versatile range comes with a semi-recessed ceramic basin.

- > Modular design. Tailor the layout to suit your space
- > 15mm solid carcass
- > 18mm-thick fronts, doors, and tops
- > Soft-close doors and drawers
- > Ceramic basin
- > 1 tap hole
- > Choice of 3 satin finish colours

MURO

MURO RANGE FEATURES

The compact depth of the Muro wall hung collection makes it a perfect match for the average family bathroom. All three basin sizes are made from a high quality stonecast basin, topped with an anti-bacterial high gloss finish.

The unit is available in a choice of popular colours and features a metal drawer with a soft close sliding mechanism.

One of the Muro range's highlights is the solid chrome handle that sits on top of the drawer. Its high polished chrome finish gives a real feel of quality when opening it.

The Muro tall boy offers a huge amount of storage in a compact design, while the WC unit is a neat and stylish option that completes the look.

ROSSINI

ROSSINI RANGE FEATURES

The Rossini range is a modern freestanding furniture collection. Not only is it pleasing on the eye, but a few important details ensure it's also a pleasure to live with. The Rossini's doors are a luxurious 25mm thick, to give them a high quality feel, which is complemented with soft closing doors.

The lacquer finish is also repeated inside creating a feeling of connection and uniformity. The Rossini range comes in a 500mm and 600mm wide vanity unit and a matching WC unit. All three colours are made in a sleek desirable lacquer finish.

FITTED FURNITURE

Bring your dream bathroom to life when you select your favourite elements from our range of fitted furniture.

Whether you have a large room to fill or you're reimagining a compact space, you can handpick every cabinet and cupboard door to make it look neat, sleek and sophisticated. Every element of this range is produced to the highest standard, combining contemporary lines and elegant details to deliver the perfect look for your home.

Creating your brand-new bathroom is easy.

Browse the collection of colours and sizes to find the combination that works for you. Follow each stage of the design process to tailor your new bathroom.

Begin your design journey by taking a look at pages 114-129. Here, you can get inspired by the combinations we've created. Once you have an idea of what you'd like to do in your own bathroom, head to pages 130-149 to select your own bespoke furniture setup.

FITTED FURNITURE - USEFUL INFORMATION

PROFESSIONAL INSTALLATION RECOMMENDED

For a flawless finish, choose an experienced and qualified installer to fit your new bathroom furniture. It's worth researching services on offer from your local retailer as many provide an in-store design and installation service, or can recommend suitable fitters and tradesmen local to you.

You Decide

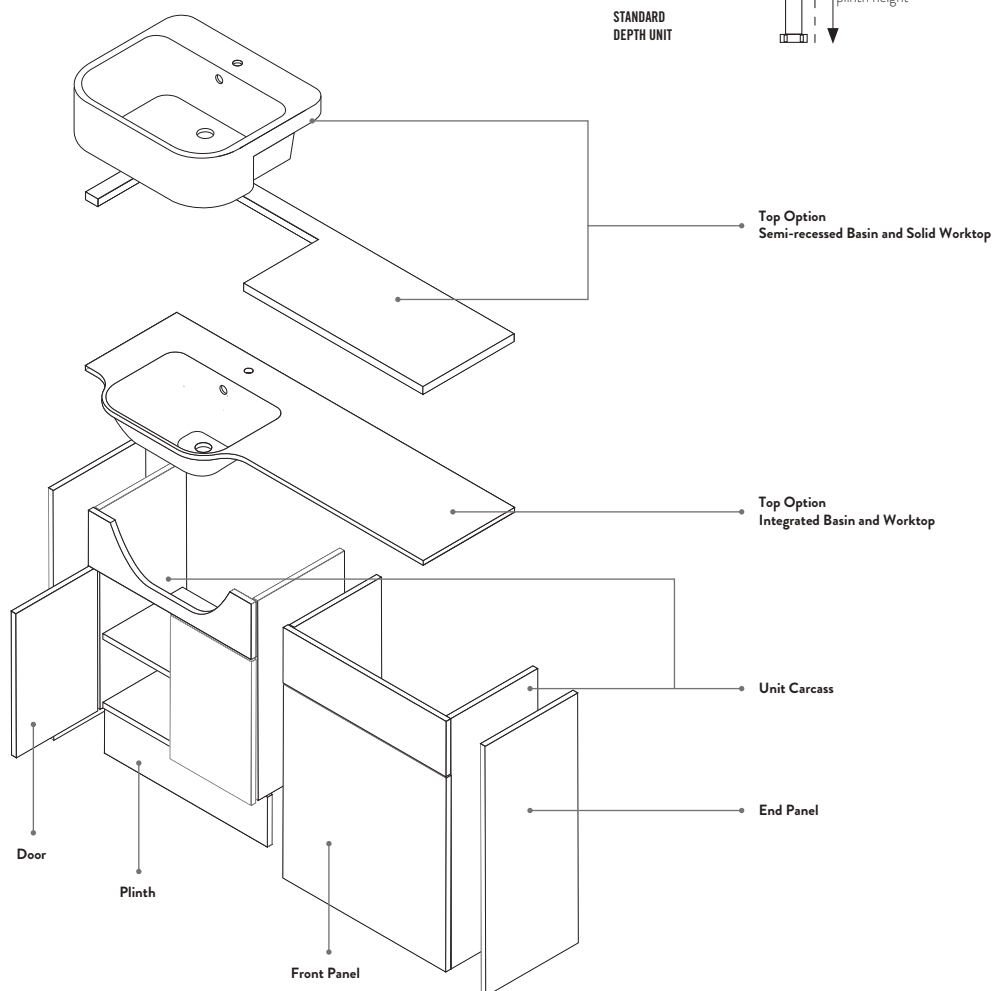

Your fitted furniture doors aren't pre-drilled, meaning you can let your installer know exactly where you would like to position the handles. This gives you added flexibility and the final say about how you'd like your doors to look.

A Smooth Look

End panels are needed to cover any exposed carcass colour and finish off the look of your units. These can also be used in between adjoining units to create a traditional framed look. This is particularly effective if you've selected a traditional style for your bathroom.

FITTED FURNITURE PARTS EXPLAINED

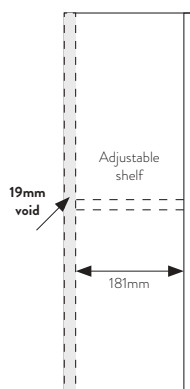

From end panels to plinths, there are lots of parts that make up fitted furniture units and understanding what each component is needed for can be confusing. To make things clearer, we've created the below diagram for a quick reference to all the components that make up fitted furniture.

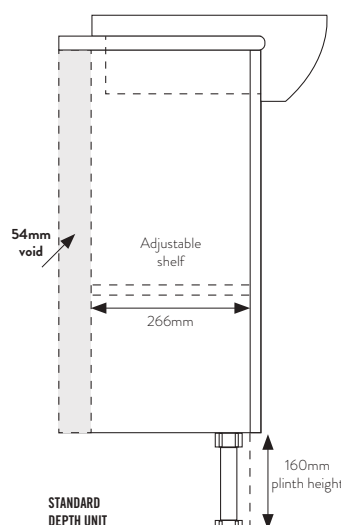

CONCEALING PIPEWORK

Pipework is essential for a functioning bathroom, however it can be unsightly unless it's concealed. When you choose our fitted furniture, you can hide any pipes behind units, whether they run along skirting boards or up walls.

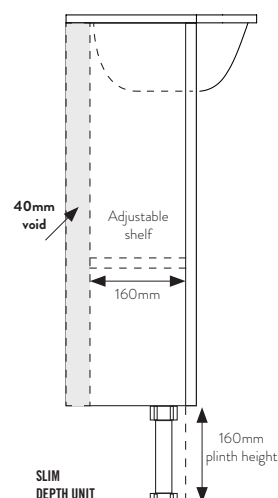

The furniture is designed with a plinth height of 160mm, so even soil pipes can run under the units. In addition, units feature a void at the back that allows pipes to run along the walls while keeping them concealed. To make this operate effectively, your fitter will notch out the side panel of the unit where the pipe travels.

S6 ACQUA ARM BATH SCREENS

S6 ACQUA ARM BATH SCREENS

The Acqua Arm Bath screen range is answer to providing a multi-panel screen, which is easy to store or extend while creating an effective bath screen seal. The Acqua Arm offers a cushioned seating position against the bath top as it drops down to create one long seal, leaving the panels to be located with ease as they are not in contact with the bath top.

This technology has also been used to great effect in our single panel bath screen, providing a solution for people who want a watertight solution to a bath screen in a larger bathroom where the screen does not need to be folded away.

RANGE FEATURES

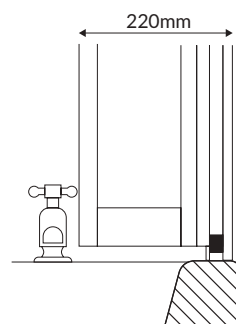

- > Watertight Acqua arm
- > 6mm toughened safety glass
- > Frameless modern design
- > Acqua Shield glass treatment
- > Lifetime guarantee
- > Large adjustment for out of true walls and easy installation

CONFIGURATIONS

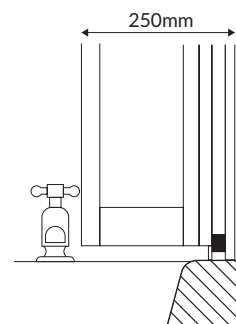

All screen fittings are universal.
i.e. either left or right handed, creating one continuous seal.

The four-panel screen dimensions, when in the folded away and stored position, have a depth of 72mm x width 220.

The five-panel screen dimensions when in the folded away and stored position have a depth of 75mm x width 250.

4 Panel screen in the folded away and stored position.

5 Panel screen in the folded away and stored position.

QUALITY ASSURED

Stylish modern and sleek designs, crafted from quality materials to last a lifetime. Scudo is the only option for people who truly know how to create a beautiful bathroom.

As a standard sign of performance and quality, Scudo Acqua Shield is expertly applied to all shower enclosures in this range. By forming a protective bond with the glass during the manufacturing process, Acqua Shield creates an invisible barrier against limescale, soap scum and general bacterial build-up.

DESIGNED IN THE UK FOR UK HOUSEHOLDS

With a strong ethos for serving the needs of a UK customer base, our product engineers boast the experience and expertise in designing shower enclosures for the most popular British brands of the past 10 years. As such, we understand the conditions and expectations our designs must meet in order to last, both aesthetically and functionally, ensuring quick and easy installation for installers without any restrictions on quality and longevity for our end users.

QUALITY ASSURED

Stylish modern and sleek designs, crafted from quality materials to last a lifetime. Scudo are the only option for people who truly know how to create a beautiful bathroom.

**S6 PIVOT DOOR** PAGE 180**S6 BIFOLD SEMI FRAMELESS DOOR** PAGE 182

RANGE FEATURES

CUSHIONED COLOUR MATCHED MAGNETIC DOOR SEALS

Scudo magnetic door seals guarantee a soft and controlled closure of the door every time. With a modern, colour-matched sheen, their stylish finish is matched only by their superior practicality.

ONE PIECE STYLISH HANDLE

Stylish and modern, each stainless steel handle is wonderfully sympathetic to the high quality finish of the entire range. Featuring contemporary art styling, the handle stands as a testament to the exquisite design.

QUICK RELEASE BOTTOM RUNNERS

Bringing absolute practicality to the range, the entire sliding door collection includes a quick release mechanism. This allows the door to swing away from the frame for direct access to all areas of the shower - ideal for simpler and thorough cleaning.

PROFILE COVER CAPS

Scudo specialise in stunning design whilst maintaining a focus upon bathroom safety. As such, their chromed cover caps provide the perfect protective finish to the exposed aluminium edges of the outer frame.

ACQUA SHIELD GLASS CLEANING TECHNOLOGY

As a standard sign of performance and quality, Scudo Acqua Shield is expertly applied to all shower enclosures in this range. By forming a protective bond with the glass during the manufacturing process, Acqua Shield creates an invisible barrier against limescale, soap scum and general bacterial build-up.

Scudo Acqua Shield also goes to work with environmental and economical savings, as its long-lasting defence against daily grime ensures a noticeable decrease in the ongoing need for bathroom cleaning products.

S8 SHOWER ENCLOSURES

DESIGNED IN THE UK FOR UK HOUSEHOLDS

With a strong ethos for serving the needs of a UK customer base, our product engineers boast the experience and expertise in designing shower enclosures for the most popular British brands of the past 10 years. As such, we understand the conditions and expectations our designs must meet in order to last, both aesthetically and functionally, ensuring quick and easy installation for installers without any restrictions on quality and longevity for our end users.

QUALITY ASSURED

Stylish modern and sleek designs, crafted from quality materials to last a lifetime. Scudo are the only option for people who truly know how to create a beautiful bathroom.

RANGE FEATURES

CUSHIONED COLOUR MATCHED MAGNETIC DOOR SEALS

Scudo magnetic-door seals guarantee a soft and controlled closure of the door every time. With a modern, colour-matched sheen, their aesthetic finish is matched only by their superior practicality.

SOFT OPEN BUFFERS

Smooth and impact-free door openings are a staple of this high quality Scudo sliding door range. Utilising the pressure absorbing functionality of a singular discreet piston, this modern innovation ensures that shower doors open with a gentle and controlled feel.

ONE PIECE STYLISH HANDLE

Stylish and modern, each stainless steel handle is wonderfully sympathetic to the high quality finish of the entire range. Featuring modern art styling, the stainless steel handle stands as a testament to the exquisite design featured across the entire range.

QUICK RELEASE BOTTOM RUNNERS

Bringing absolute practicality to the range the entire sliding door collection includes a quick release mechanism, allowing the door to swing away from the frame for direct access to all areas of the shower; ideal for simpler and thorough cleaning.

PROFILE COVER CAPS

Scudo specialise in stunning design whilst maintaining a focus upon bathroom safety. As such, their chromed cover caps provide the perfect protective finish to the exposed aluminium edges of the outer frame.

CONCEALED WALL FIXINGS

All Scudo S8 enclosures come complete with full length aluminium cover profiles, ensuring that unsightly screws and fixings never diminish from the quality and beauty of the shower enclosure's faultless design.

SMOOTH GLIDING DOORS

The Scudo S8 range benefits from high-grade stainless steel bearings, with expert engineering ensuring that the sliding door glides smoothly and seamlessly every time.

ACQUA SHIELD GLASS CLEANING TECHNOLOGY

As a standard sign of performance and quality, Scudo Acqua Shield is expertly applied to all shower enclosures in this range. By forming a protective bond with the glass during the manufacturing process, Acqua Shield creates an invisible barrier against lime scale, soap scum and general bacterial build-up.

Scudo Acqua Shield also goes to work with environmental and economical savings, as its long-lasting defence against daily grime ensures a noticeable decrease in the ongoing need for bathroom cleaning products.

BLACK PROFILE DEFLECTOR PANEL

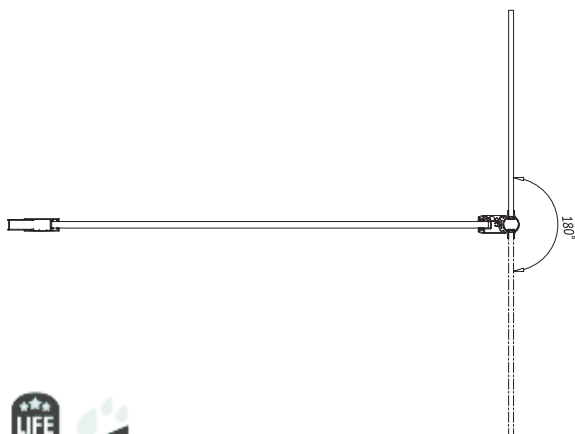

S8 WETROOMS

- > 2000mm in height
- > Up to 8mm toughened safety glass
- > Acqua Shield glass treatment as standard
- > Modern minimalist support arm included
- > Can be installed onto a shower tray or a tiled wetroom floor
- > 20mm adjustment in wall channel for out of true walls
- > Lifetime guarantee

Deflector panels are a great way to keep water inside your shower. Our model uses a full length black hinge that clamps the glass along its 2 metre height, meaning it can be retro fitted to any 8mm wetroom panel that's 2 metres in height.

- > 6mm toughened safety glass
- > Acqua Shield glass treatment
- > Lifetime guarantee
- > Pivot 180°

ACQUA SHIELD GLASS CLEANING TECHNOLOGY

As a standard sign of performance and quality, Scudo Acqua Shield is expertly applied to all shower enclosures in this range. By forming a protective bond with the glass during the manufacturing process, Acqua Shield creates an invisible barrier against lime scale, soap scum and general bacterial build-up.

Scudo Acqua Shield also goes to work with environmental and economical savings, as its long-lasting defence against daily grime ensures a noticeable decrease in the ongoing need for bathroom cleaning products.

Standard Glass

QUALITY ASSURED

Stylish modern and sleek designs, crafted from quality materials to last a lifetime. Scudo are the only option for people who truly know how to create a beautiful bathroom.

OUR SHOWERING COLLECTION

Our shower solutions are made to suit all styles and budgets. There are overhead, handheld, exposed, and concealed showers, along with an array of combinations available, seamlessly blending traditional styling and contemporary design.

RIGID RISER SHOWERS

WRAS APPROVED PRODUCTS

Where this logo appears you can be assured products are WRAS approved. WRAS is the most recognised industry standard against waste, misuse, undue consumption or contamination. WRAS certification requires significant testing by independent labs and water suppliers making the product accepted by every UK water supplier.

ADJUSTABLE HEIGHT AFTER FITTING

All our Rigid Riser showers are adjustable after fitting, with the exception of the Traditional Shower. This feature allows you to adjust the fixed shower head up and down to suit different users, from children to adults.

HIGH QUALITY METAL SHOWER HEADS

Our showers all benefit from high quality metal fixed shower heads instead of a cheaper plastic alternative

QUALITY THERMOSTATIC COMPONENTS

All of our thermostatic showers are built with quality cartridges from trusted manufacturers using European technology.

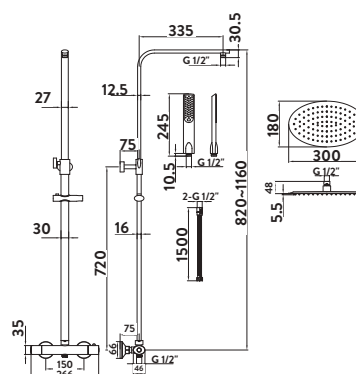

£374.00

Operating Pressure

0.5 Bar

- > 300mm x 180mm ultra thin solid metal fixed shower head
- > Easy clean rubber nozzles on main shower head and handset

PUSH BUTTON CONCEALED VALVES

- > Concealed valves for a modern minimal look
- > Recessed for a streamlined appearance
- > Multi control functions
- > Ceramic disc technology for a smooth operation
- > Precise and safe thermostatic control
- > 100% brass construction body and trim set
- > Solid brass face plate
- > All concealed valves are WRAS approved

IS A SINGLE BUTTON VALVE RIGHT FOR YOUR INSTALLATION?

- > Easy to operate - the top button controls the shower accessory, with the bottom control adjusts the temperature.
- > A simple shower solution - the single button shower will operate one shower accessory, for example a fixed head or a slide rail kit.
- > Protection against accidental scalding.

FEATURES

- > Manufactured from solid brass.
- > Suitable for water systems between 1 to 4 bar pressure.
- > Suitable for all water systems.
- > Thermostatically controlled.
- > Built-in anti-scald device.
- > Suitable for use with shower pumps.
- > Lifetime guarantee.

Installation must sit within an 88mm cavity

IS A TWIN BUTTON VALVE RIGHT FOR YOUR INSTALLATION?

- > The top button is to control the first shower accessory, the middle button controls the second. The bottom control adjusts the temperature.
- > A flexible shower solution - the two button valve allows you to have two shower accessories, which you can operate independently or at the same time.
- > Protection against accidental scalding.

FEATURES

- > Manufactured from solid brass.
- > Suitable for water systems between 1 to 4 bar pressure.
- > Suitable for all water systems.
- > Thermostatically controlled.
- > Built-in anti-scald device.
- > Suitable for use with shower pumps.
- > Lifetime year guarantee. we suggest 1.5 bar of pressure to operate 2 shower accessories simultaneously.

Installation must sit within an 88mm cavity

IS A TRIPLE BUTTON VALVE RIGHT FOR YOUR INSTALLATION?

- > Ultimate Flexibility - the three button valve allows 3 shower accessories to be controlled independently, or simultaneously.
- > Protection against accidental scalding.

FEATURES

- > Manufactured from solid brass.
- > Suitable for water systems between 1 to 4 bar pressure.
- > Suitable for all water systems.
- > Thermostatically controlled.
- > Built-in anti-scald device.
- > Suitable for use with shower pumps.
- > Lifetime year guarantee. We suggest 3 bar of pressure if you want to use all 3 shower accessories simultaneously.

Installation must sit within an 88mm cavity

OUR BRASSWARE COLLECTION

Whether you're searching for stylish accents that bring the space together or statement pieces that stand out, allow your taps and mixers to be a key part of the look of your bathroom.

Once considered a minor detail, taps are now the finishing touch that creates cohesion in a space. Design and functionality are the two key attributes to look out for, and with this in mind we have designed a collection of taps that blends the two.

Here, you'll find something to suit all bathroom looks, from contemporary to traditional. There are simple, yet elegant cloakroom taps to flamboyant waterfall fittings that are created to suit a range of styles. Whichever you choose, you can be sure to receive only the highest quality products across our collections.

DESIGNED WITH QUALITY IN MIND

Since our company's conception, we have been known for our high quality brassware products. Each collection is manufactured with quality components chosen for their longevity. A large selection of our product range is now also WRAS approved, which is the ultimate seal of approval that our products have been tested to last by an independent governing body. Even though not all of our ranges carry WRAS approval, they are all manufactured with the same parts and are from the same manufacturing facility. This means you can be safe in the knowledge that, just because a particular range hasn't been chosen to seek approval, all of our products are designed and manufactured so that they are ready for inspection.

UNDERFLOOR HEATING

- > Designed for fast and simple installation
- > Even heat distribution across whole floor
- > The 200W/m² mats are suitable for primary or secondary heating in bathrooms, kitchens, and living rooms
- > Self-adhesive mesh design
- > Cost efficient way to heat home
- > Suitable for tile, stone, slate and marble floor finishes
- > Suitable for use in wet areas
- > EMC safe
- > Fully compliant with 17th edition regulations

Code	Mat Area (M ²)	Wattage	Price

RANGE FEATURES

LANDSCAPE & PORTRAIT MOUNTING

EASY TOUCH COLOUR CHANGE

All mirrors are built using an ultra-modern no-touch on/off switch. The light can be turned on and off by gently touching the sensor on the glass. The colour of the light can be changed from warm white to bright white by touching the sensor and waiting until the desired colour is reached. The mirror will then remember your preferred colour setting.

IP44 RATED CLASS 1 RATED

All mirrors are IP44, Class 1 Rated and suitable for installation in zones 2 or 3 of a bath/shower room.

SAFETY GLASS

5mm thick mirror. Safety film backed with sealed mirror edges.

HEATED DEMISTER PAD

All of our mirrors come with heated demister pads, enabling you to use the mirrors in steamy bathrooms. The pads heat the mirror to above room temperature, which stops mist appearing on the mirror.

INFRARED ON/OFF SWITCH

Some of our mirrors and cabinets are built using no-touch on/off switches. By simply moving your hand under the sensor the mirror can be turned on and off without the need for a pull switch or leaving fingerprints on the mirrors.

DOUBLE-SIDED MIRRORS

Some of our cabinets are available with mirrors on the inside as well as outside.

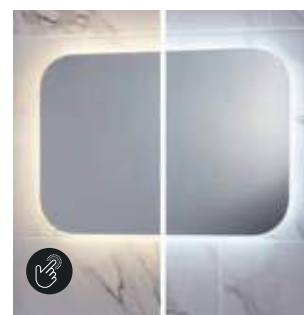

BLUETOOTH™

This innovative feature allows any Bluetooth™-enabled device to stream music or live radio to the mirror. Available only on LED-MIRROR004.

SHAVER SOCKET

Built-in charging socket suitable for toothbrushes, shavers and trimmers.

Zone 1 refers to the area above the shower up to a height of 2.25m and requires a minimum rating of IP44 or higher and if the fitting is 240V a 30ma RCD must be used to protect the circuit.

Zone 2 covers an area of 0.6m wide immediately next to, and all round zone 1. Wash basins should also be treated as zone 2. The minimum rating here is IPX4.

Outside Zone has no special requirements, unless water jets are likely to be used for cleaning purposes.

The IP (Ingress Protection) Standard describes a uniform system for classifying the degrees of protection provided by the enclosures of electrical equipment.

For example, if a bathroom light is rated IP65, then the 6 means its 'Protected against dust' and the 5 means its 'Protected against water jets' from a shower, tap or cleaning processes from any direction.

First numeral - protection against ingress of foreign bodies, e.g. tools, dust, fingers, etc.

- 0 No protection
- 1 Protected against solid objects with a diameter of 50mm and over (e.g. accidental insertion of hands)
- 2 Protected against solid objects over 12mm (e.g. jointed fingers)
- 3 Protected against solid objects over 2.5mm (tools)
- 4 Protected against solid objects over 1mm (small wires)
- 5 Protected against - limited ingress permitted (no harmful deposit)
- 6 Totally protected against dust

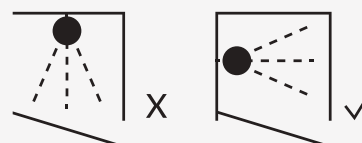

Second numeral - protection against ingress of liquids.

- 0 No protection
- 1 Protected against drops of condensed water. Drops of condensed water falling on the

enclosure shall have no harmful effect

- 2 Protection against drops of liquid. Drops of falling liquid shall have no harmful effect when the enclosure is tilted at an angle up to 15 degrees from the vertical.
- 3 Protection against rain. Water falling in rain at an angle equal or smaller than 60 degrees with respect to the vertical shall have no harmful effect.
- 4 Protection against splashing. Liquid splashed from any direction shall have no harmful effect.
- 5 Protection against water jets. Water projected by a nozzle from any direction under stated conditions shall have no harmful effect.
- 6 Protection against conditions on ship decks (deck equipment). Water from heavy seas shall not enter the enclosures under prescribed conditions.
- 7 Protection against immersion in water. It shall not be possible for water to enter the enclosure under stated conditions of pressure and time.
- 8 Protection against indefinite immersion in water under specified pressure. It shall not be possible for water to enter the enclosure.

Professional plumbing practice ensures that a shower head is never installed facing outwards towards the shower enclosure/ door as shown in the diagram. Limitations of design and physics dictate that water will inevitably leave a shower enclosure/ door if large amounts of water are purposely directed at seals or gaps between aluminium and/or glass. If doors swing out into a bathroom and the glass is still wet, water will drip down onto the floor, please ensure floor coverings are suitable for bathrooms and are not affected by water.

Prices included in this brochure supersede all previous printed publications. Products and prices are correct at time of printing. We reserve the right to change prices at any time without notice. Colours shown in this brochure are as accurate as the printing process allows.
