HARLEM

Harlem - the soft industrial furniture range in a tactile and warming 'American Oak' finish.

The flexibility of the wall mounted vanity is reflected in the number of combinations possible; the elegant Matt Black handle is in keeping with the growing trend of mixing materials for a design with depth. One drawer with an extended countertop is a modern choice, two drawers side by side offers substantial storage, or you can pair with the vanity together with a nifty open utility unit.

We also recommend pairing countertops with the sleek black Ombra storage unit and Matt Black basin or mixers - all options create chic storage solutions for a range of different sized bathrooms.

The rectangular Harlem mirror, an existing item in our portfolio, is illuminated in such a way that the halo light intensifies the wooden texture that surrounds the seemingly floating mirror pane. With the Harlem range, you can design a modern-masculine or soft-industrial design for any space.

MONROE

Monroe is an edgy, eye-catching collection with its two metallic cabinet finishes, Oro and Platinum, with beautifully contrasting wooden finish countertop in Carbone. The wall mounted or floor standing vanity units feature luxurious push-to-open handle-free drawers, allowing the furniture to be matched with any basin, accessories or brassware finish.

Zanzibar brassware and accessories with a vanity in Oro radiates a warming ambience, symbolising a sophisticated style with opulent grandeur - add calacatta marble tiles to create ultimate luxe vibes.

Brushed Nickel brassware paired with Platinum vanities offer cooler tones to play with an array of tile colour options from feminine pastels to maximalist jewel tones. You can also explore pairing Monroe with our Matt Black mixers and accessories to coordinate to the Matt Black legset of the floor standing unit.

Perfect for creating a stunning overall impression, the Monroe collection also has a choice of round mirrors in Satin Zanzibar or Matt Black with rectangular mirrors in Carbone - all with illumination option. All mirrors are existing items in our portfolio.
