# Discovery

2020

We at Roca have spent over one hundred years assisting families and writing the story of their homes with them. A story that has become our own, being a part of the drive that allows us to look ahead with optimism offering customised proposals for each individual.

Today, all of us at Roca take the best of our past to write our present and face our future. We are committed to leading the revolution of personal hygiene thanks to Rimless technology featured in most of our WC solutions.

We present different options to design your ideal bathroom space, whatever the desired style, you will find a solution for your needs.

This brochure shows our commitment to the improvement of the life of all bathrooms, moving forward by your side, as always.

Roca withhold the right to withdraw products and amend prices at any time, prices shown are recommended retail prices including VAT. Images featured are for illustrative purposes only. For full technical specifications please visit our website [www.uk.roca.com](http://www.uk.roca.com) to download technical drawings, view installation videos and installation manuals. Dimensions are in mm, due to manufacturing processes all dimensions are approximate. Roca Ltd. has made every effort to ensure that the information provided within this brochure is accurate, however Roca Ltd cannot guarantee this and accepts no liability for any information printed within this brochure.

The information in this brochure is intended as a guide to help you decide on the best products for your space and budget. It is not intended to be a substitute for guidance from bathroom professionals so it is always wise to check that the products you like are suitable for your installation.

# Revolutionise your bathroom

In-Tank Meridian, WC with integrated cistern P.57

We continually strive to innovate and design new products, to ensure that we can continue to deliver for the changing needs of the bathroom.

**In-Tank Meridian, WC with integrated cistern**

# Rimless technology by Roca

## Hygienic solutions for every bathroom

We do not usually look inside a WC.  
However, one of Roca's latest innovations  
can be found here, in the design of a new  
rimless bowl with a smooth and fully  
accessible inner surface to make cleaning  
much easier.

Conventional WC

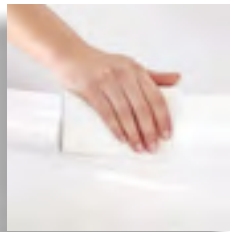

WC with Rimless  
technology by Roca

More information at: [www.uk.roca.com](http://www.uk.roca.com)

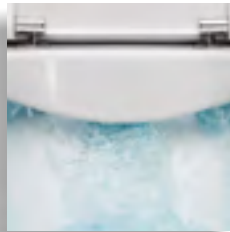

## Rimless technology by Roca

The new generation of Roca rimless toilets represents the best in innovative design and new technology. Low water consumption and optimum flushing performance complement the hygienic benefits of a smooth, corner-free design.

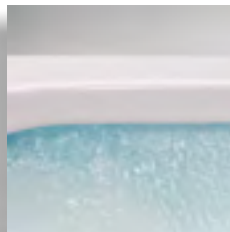

### Easy to clean

By removing the channel where the flushed water flows, the inner walls of the bowl are uniform, with no nooks or gaps where dirt might build up.

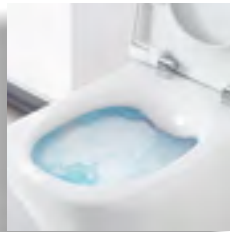

### Optimal flushing

Roca's Rimless technology features a new water distributor that flushes the water around the pan providing a thorough flush which exceeds European standards.

### Larger clean area

The new design of the bowl includes a slight upper ridge that allows water to flow upwards, cleaning the entire surface, above the standards required by the European Union.

### Hygienic solution

Bacteria growth is discouraged thanks to the removal of the rim from the design.

## In-Tank Meridian WC with integrated cistern

In-Tank Meridian marks the beginning of a new era in bathrooms as it does not require the installation of either a cistern or flush plate to be fully operational.

### WC options

Back-to-wall and Wall-hung WC options are available. The wall-hung version helps to create a feeling of space, as the area under the pan is clear.

### Soft-close seat

A soft-close seat is included with the WC, creating a safer and quieter environment.

### Soft Air® technology

In-Tank Meridian features an air pump within the internal cistern which flushes the water from the internal tank.

### Eco dual flush cistern

Featuring a water saving 4.5/3 litre dual flush cistern with chrome plated push button.

### Integrated light

The WC features an integrated light on the flush button to guide you to the bathroom during the night.

### Easy to install

All components required for installation are supplied within one box.

In-Tank Meridian WC P.57

## How does it work?

**1**

Choose the desired flush (4.5 or 3 litres) and press the button.

**2**

The air pump, with its Soft Air® technology, is activated and emits a pre-programmed flow of compressed air, pushing the water from the internal tank.

**3**

The water rises up to provide a flush, expelling the selected volume of water from the internal tank.

**4**

The internal tank refills until it reaches the optimum water level.

# Multiclean®

## Smart, efficient and reliable

Multiclean® is the fastest and easiest solution to achieve total hygiene. Compatible with most Roca toilets, these innovative seats offer the latest technology in personal hygiene due to their cleaning and drying functions, which can be easily adjusted from the side panel or the remote control.

### Multiclean® Premium

- Main functions and features:**
- Cleaning and drying
  - Self-cleaning nozzle
  - Adjustable seat temperature
  - Antibacterial material
  - Presence sensor
  - Night light
  - Energy-saving mode
  - User settings
  - Deodoriser function
  - Remote control

### Multiclean® Advance

- Main functions and features:**
- Cleaning and drying
  - Self-cleaning nozzle
  - Antibacterial material
  - Presence sensor
  - Energy-saving mode
  - Side control panel

See page 59 for Multiclean® Seats

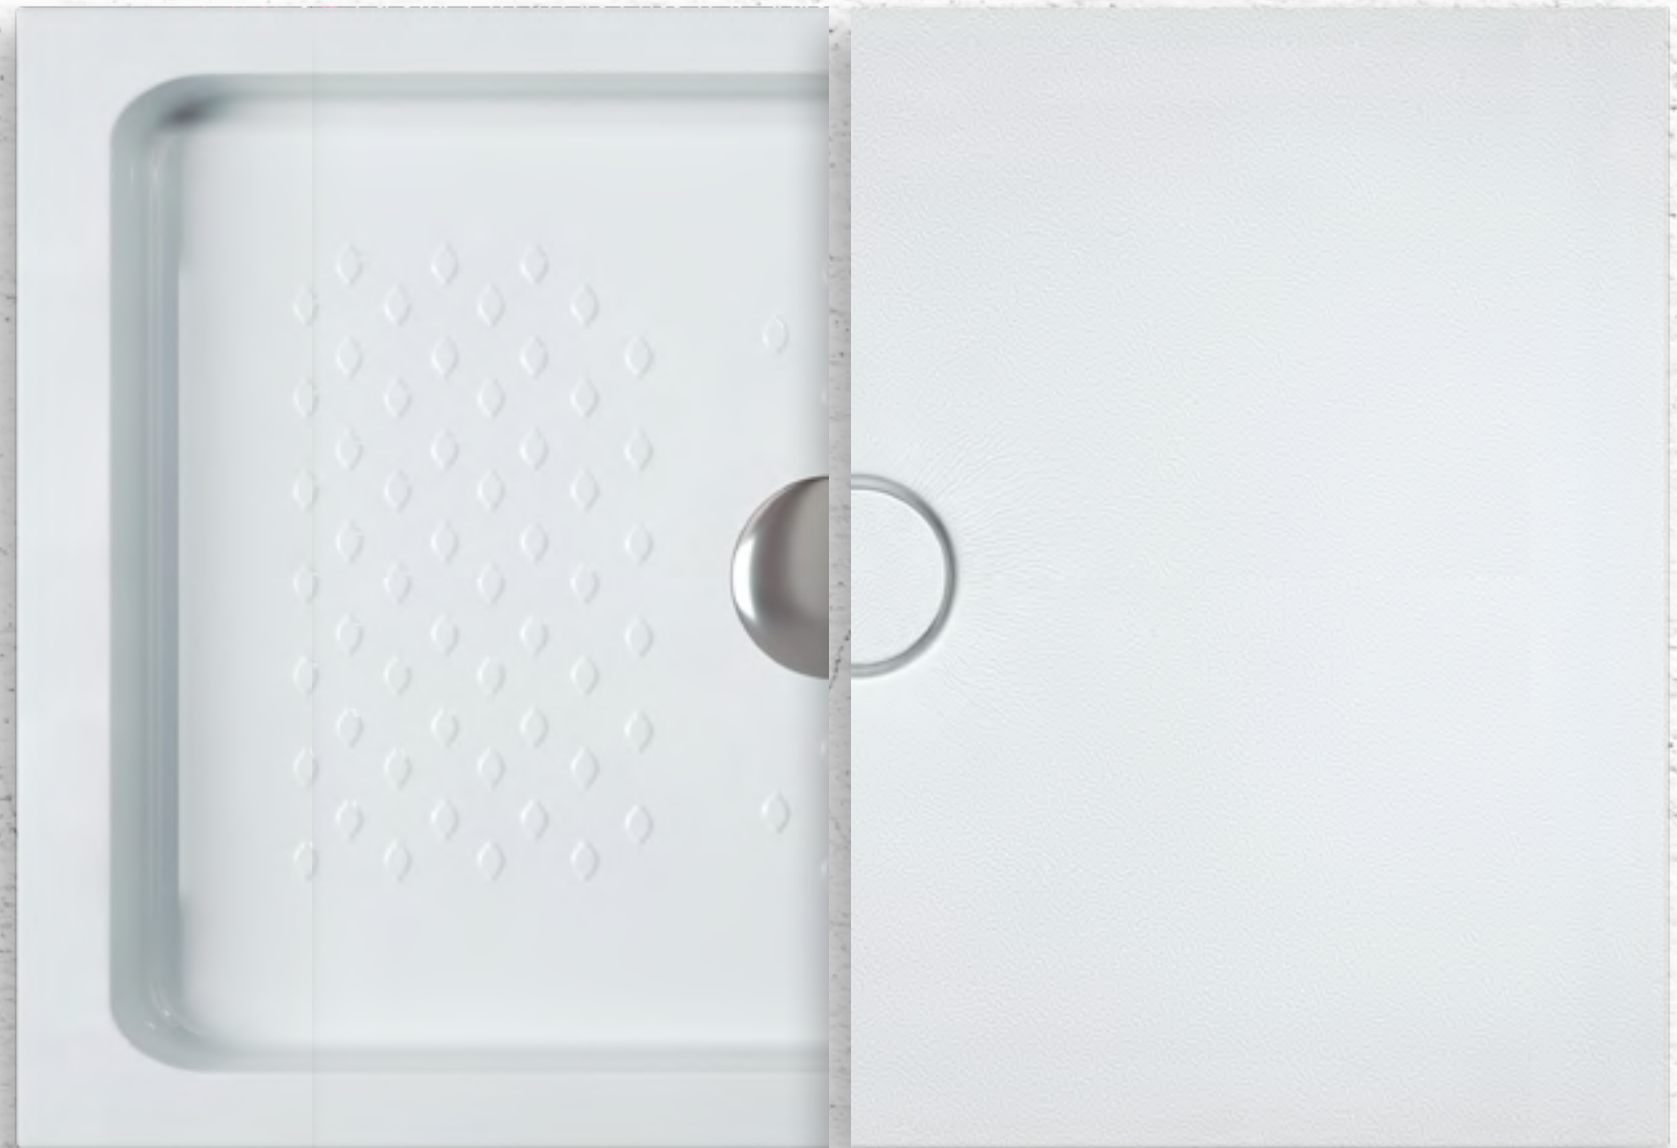

# Senceramic®

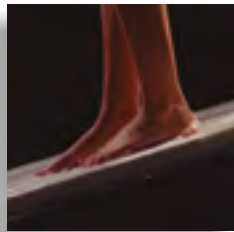

## Vitreous china like never before

Installing shower trays manufactured in Senceramic® not only allows you to experience all the benefits of an extra-slim design, it also invites you to enjoy different natural textures which are warm to the touch. The material Senceramic® is made of a unique mixture of high quality vitreous china and enamel, creating a textured finish in the production process. Not only are these shower trays beautiful to look at, the Senceramic® texture provides strong anti-slip properties.

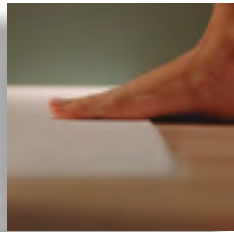

## Senceramic®

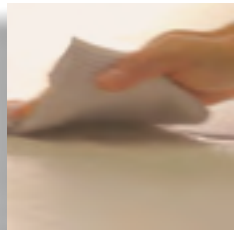

### Anti-slip

Due to its textured surface Senceramic® offers a high anti-slip effect, providing maximum safety during use. Our Cratos shower trays meet the highest anti-slip standards - Class C.

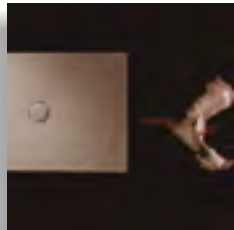

### High resistance

The properties of this exclusive material provide exceptional resistance to chemical agents and UV light, ensuring the shower tray remains in perfect condition for a long time.

### Easy cleaning

Roca's innovative Senceramic® material is non porous and resistant to abrasive cleaning products, making cleaning easier.

### Superslim

Senceramic® shower trays are extra slim and can be installed level to the floor adaptable to any kind of surface.

# Everlux and Cold Start

## Enhanced sophistication, greater savings

Due to their reduced dimensions and traditional chrome plating, taps are usually one of the bathroom elements that go unnoticed. Discover a new and exclusive highly resistant covering that will be the centre of attention, and do not forget to complement this innovation with the new Cold Start technology, which will allow you to save energy without even realising it.

More information at: [www.uk.roca.com](http://www.uk.roca.com)

Naia tap with Cold Start

Naia tap with Titanium Black  
Everlux finish and Cold Start

## Everlux

### Durability

The sophisticated Everlux finish is obtained by means of an innovative physical vapor deposition process, through the ionization of metals and noble gases, which are combined to create a fine metallic coating with outstanding properties.

### Sustainable

The Everlux finish is obtained without needing to use any harmful chemicals during its production process, being particularly respectful with the environment.

### Sophisticated finish

The elegant and refined Titanium Black finish enhances the tap design, bringing an air of exclusivity to the space.

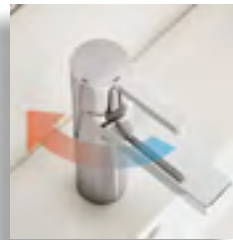

Naia tap P.198

Insignia tap P.185

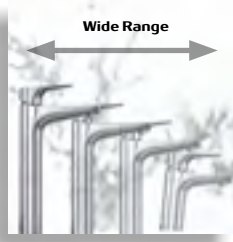

## Cold Start

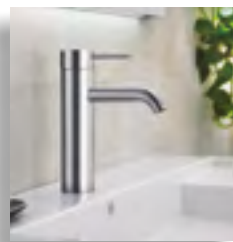

### Energy saving

Most single-lever basin mixers feature Cold Start technology to avoid unnecessary energy consumption.

### Different heights

Choose from a range of different basin mixer heights, each designed to provide the most comfortable solution for your basin type.

### Aesthetics

The opening to the right is restricted, allowing the handle to be perfectly aligned with the spout, improving the overall aesthetics.

Atlas tap P.200

Malva tap P.206

L90 tap P.190

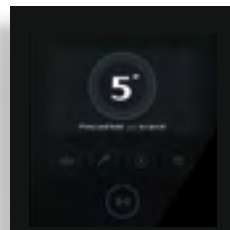

# Smart Shower

## Smart design

## Smart features

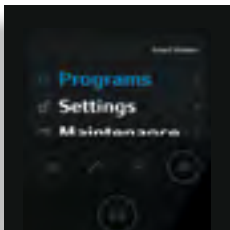

## Smart performance

The new digital Smart Shower combines striking design with powerful performance. The Smart Shower uses smart technology to personalise each showering experience.

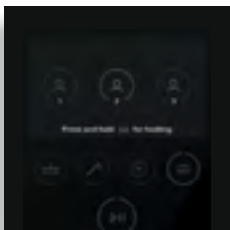

### Warm up

It pre-heats the shower at the desired temperature by activating all its water outlets at the same time, letting cold water flow until the pre-set temperature is achieved.

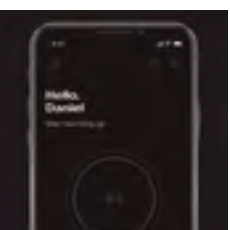

### Programs

Set your preferences according to the time of the day, automate the shower or activate child protection to ensure a safe showering experience.

### Profiles

It installs and stores up to 3 different user profiles with their own temperature, flow rate and water outlet parameters.

### App

It allows you to set up alarms, warm up the shower and customise your showering experience with up to 3 different user profiles and monitor your water and energy usage statistics.

Smart Shower P.220

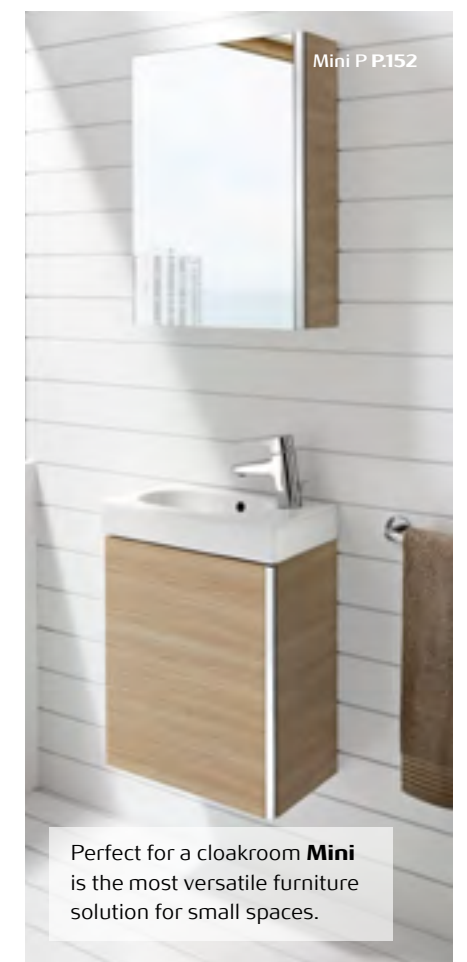

# Maximise your storage space

Good storage is crucial to creating a relaxing, stress-free ambience in the bathroom and thanks to the furniture ranges from Roca, this is simple to achieve. With versatile options to suit any style and size of bathroom, there is a great choice of furniture combinations for more design flexibility, whilst maximising on storage potential in the bathroom. Discover the wide range of Roca bathroom furniture, a guarantee of quality for more than 100 years.

## Versatile solutions for any bathroom space

As a single person, a couple, or a family; we all live in such different ways. At Roca, we believe that bathroom furniture should be an extension of the way we want our bathroom experience to be. Being used day in and day out, we choose our bathroom storage solutions not only for style but for their ability to fulfil our needs.

Exclusivity and design

Practical and very versatile, the **Heima** collection provides furniture solutions that can be combined with different styles of countertop basins creating a focal point in any bathroom setting.

Includes Roca's space-saving waste to maximise storage space available within the unit.

Pair the furniture unit with chrome plated legs which complement the handle design.

Heima base unit P.142

Available in the latest on-trend materials and finishes, including Gloss White, Textured Ash and Matt Dark Grey.

Timeless elegance

A vintage spirit and noble materials for a furniture unit between two worlds. **Carmen** is capable of bringing together the elegance of the past and the practicality of the present in a timeless solution with a touch of nostalgia.

Vintage tap to match the style of the beautiful nostalgic furniture.

High-quality materials such as vitreous china, wood and marble

Trendy satin finishes

Carmen base unit P.134

## Stylish minimalism

Responding to the trend for modern, open storage in the bathroom, the new **Savana** countertops offer a stylish alternative to a full vanity unit, the countertop is made from high quality materials to ensure maximum durability, enabling it to be seamlessly integrated into any bathroom scheme.

## Smart storage

For the ultra-organised among us, **Prisma** bathroom storage solutions offer hidden drawers to store smaller objects as well as larger drawers for other items. You can also add interior dividers to organise your toiletries.

## Simple practicality

The **Gap-N** collection provides subtle design details which complement the smooth clean lines of each piece. The range offers a wide choice of basins and furniture to appeal to each individual need, whilst allowing the desired bathroom space to be perfectly tailored to each taste and requirement.

## Storage capacity

A simple geometric designed collection providing a comfortable solution whilst saving space in the bathroom. The **Lander** floorstanding units maximise the floor space available making the room feel as spacious as possible. Available in a choice of Gloss White, Textured City Oak and Nordic Ash, the furniture offers a distinct contemporary look for any bathroom space.

# Buying guide

Whether you are planning a new bathroom or renovation, we have featured a handy guide to help you select the right products to suit your needs. Let your imagination take your bathroom to new heights, make the most of the space you have and turn your bathroom space into a place that you have always dreamt of.

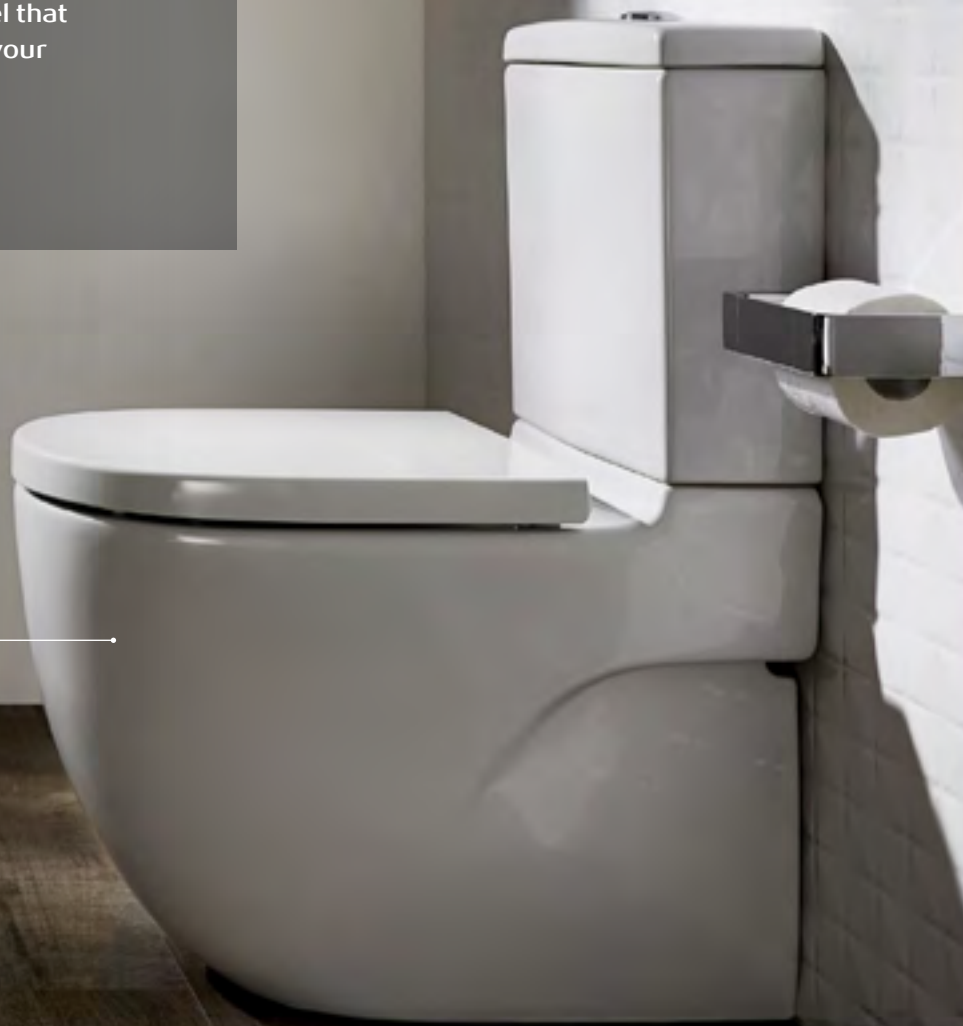

## WC's

When considering buying a toilet, you need to find the right model that matches the style and scale of your bathroom scheme.

### Comfort height

Comfort height toilets provide a comfortable solution for users who require additional support in the bathroom.

See page 69

### Rimless

Rimless toilets offer a hygienic solution, the elimination of the rim discourages unwanted germs which can often breed underneath standard toilet rims. A water distributor positioned at the back of the pan ensures the pan is thoroughly flushed even with smaller flush volumes.

See page 64

### Wall-hung

Wall-hung WCs are mounted onto a installation system behind the wall, the cistern is neatly concealed for a seamless finish, the floor beneath and area surrounding the WC can also be wiped clean with ease.

See pages 64-109

### Close-coupled

Close-coupled WCs have the cistern and WC pan closely coupled together. With a variety of options available, from contemporary to traditional, there is sure to be a solution which works for you.

See pages 64-109

### Back-to-wall

Back-to-wall WCs are installed with a concealed cistern, which is hidden behind a wall or furniture unit. Comfort height and compact solutions are available to suit all bathroom spaces. With a wide range of operating panels you can choose the one that best suits your bathroom.

See pages 64-109

## Basins

With so many basin options - counter basins, wall mounted basins, and more - we help you find the right one!

### Semi-recessed

As its name suggests, this basin is partially, not totally, recessed. A similar option to the in countertop basin, with the difference that the semi-recessed basin is not fully recessed, but is installed slightly over the worktop, obtaining a more contemporary style.

**See page 173**

### Wall-hung basin

The classic wall mounted basin is ideal for small bathrooms or guest bathrooms, where you don't require storage. This can be installed on its own, with a bottle trap, underneath or combined with a full or semi-pedestal to hide any pipework. At Roca we have a wide range of wall-hung basins.

**See pages 74-109, 168**

### Vanity basin

A convenient and comprehensive solution, where the basin forms a 'slab' to cover the whole surface of the furniture unit. This is a highly functional option, increasing the bathroom storage capacity and offering an easy to clean single surface. Roca offers a wide range of vanity basins.

**See pages 132-161**

### Under countertop basin

With this option, the under countertop basin is perfectly integrated, so that only the basin interior can be seen from above. A practical, seamless and easy to clean solution, which allows you to use the entire single surface of the countertop, to always keeping your toiletries to hand or keep clean and clear of clutter.

**See page 172**

### In countertop basin

You can achieve a subtle and elegant effect by sinking the basin into the countertop so only the edge is above it. This allows you to use the countertop to place the bathroom products you use most often.

**See page 171**

### On countertop basin

In this solution, the basin emerges completely and sits on the worktop, letting the shape and design of the piece steal the show. This can offer more of a statement look and style with the basin as the hero of the wash station.

**See page 170**

## Furniture

Discover three unit styles for basins, three ways to keep everything within reach.

### Wall-hung

Wall-hung furniture can make the room feel as spacious as possible, by creating the illusion of floor space. With stylish storage solutions to keep the bathroom clutter-free, choose from an array of drawer or door options.

**See pages 122-161**

### Floorstanding

Floorstanding units hide away those unsightly pipes, whilst also offering maximum storage space to store your daily bathroom essentials neatly away. Drawer and door options are available, providing different solutions.

**See pages 140 and 154**

### Open storage

Exposed bathroom storage allows you to display your best towels and objects, combined with design simplicity and maximum functionality by ensuring you have all your toiletries close to hand.

Due to their minimalist and open design, a washbasin stand can also create an illusion of spaciousness in the bathroom.

**See pages 134 and 137**

## Brassware

To help you choose from our range of brassware, we have detailed a selection of the type of products available.

### Dual-control basin mixer

Dual control taps feature two separate control handles to adjust the water flow and temperature.

**See pages 212-219**

### Single-lever basin mixer

Single-lever taps allow you to use just one lever to control the water flow and temperature. You move the lever up and down to turn the water flow on and off, turn the lever from side to side to gradually change the water temperature.

**See pages 176-211**

### Electronic mixer

Electronic taps feature a new-generation "Intelligent System" based on a contact-free operation. A motion detector instantly turns the tap on and off, without wasting a single drop of water. This means reliability, durability and very significant water and energy savings.

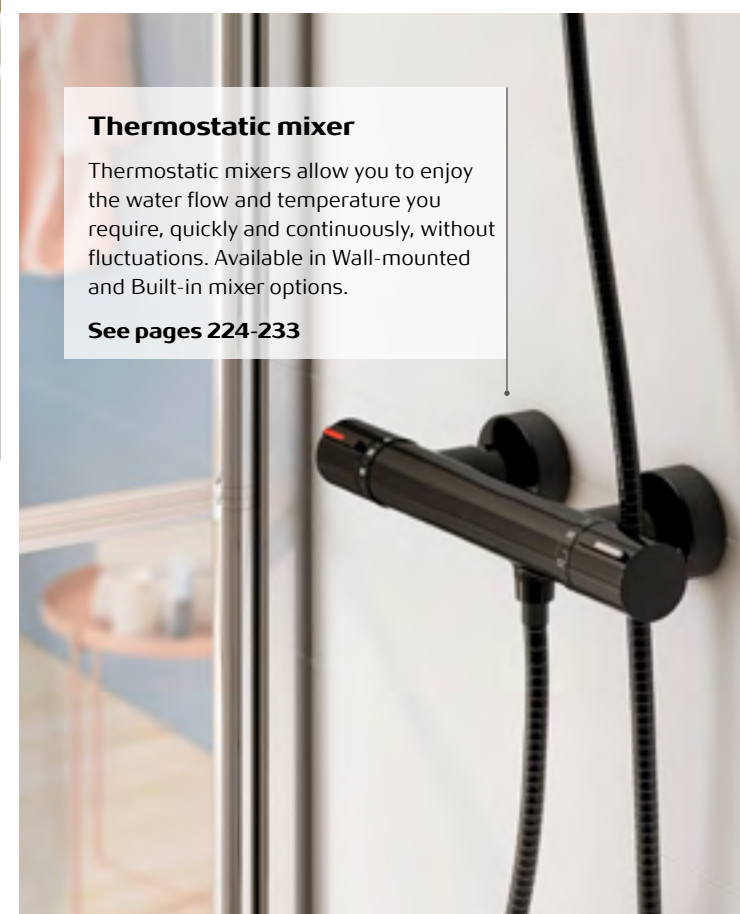

**See pages 190, 193, 209 and 217**

### Manual mixer

Manual mixers allow the user to blend the hot and cold water supply to deliver the preferred temperature. Available in Wall-mounted and Built-in mixer options.

**See pages 176-211**

### Thermostatic mixer

Thermostatic mixers allow you to enjoy the water flow and temperature you require, quickly and continuously, without fluctuations. Available in Wall-mounted and Built-in mixer options.

**See pages 224-233**

### Pillar taps

These are two individual tap handles that control the hot and cold water supply to a basin or bath. Pillar taps suit basins or baths with two tap holes.

**See page 218**

### Overflow bath filler and waste

Maxiflow is a bath filler and overflow waste solution for the bath. Maxiflow is installed where the overflow and waste is located on the bath, saving space without the need for a separate bath filler.

**See page 246**

## Baths

Find the perfect temperature.

Add a dose of your favourite scented bath oil and slowly slip into the warm water to let your senses drift into another dimension. The simple sensations of a relaxing bath will take you far away from the fast pace of our everyday lives, to a place where time stands still and everything else dissolves.

### Acrylic

A highly versatile and resistant material, acrylic baths make it possible to produce lighter shapes that are easy to install and maintain.

**See pages 254-257**

### Cast iron

Reclaiming the classic robustness of cast iron, these baths not only look and feel elegant but are extremely durable and strong. Their incredible thermal and acoustic insulation properties allow them to maintain the temperature for longer, letting you stay in the bath for as long as you wish!

**See page 262-263**

### Stonex®

Baths made of Stonex®, a strong and durable material offer a delicate texture, with a warm surface that is particularly pleasant to the touch. Choose a freestanding Stonex® bath to provide a statement piece in the bathroom space.

**See pages 265**

### Steel

With a triple coating of a high gloss enamel, steel baths offer a highly durable and hygienic option. Steel keeps the water warmer for longer and is easily cleaned without affecting the finish.

**See pages 258-261**

### Surfex®

Freestanding baths made of the new material Surfex® come in a range of flexible designs and shapes, which were previously unthinkable. With an outstanding plasticity, this innovative material has a warm mineral texture, which is very pleasant to the touch and has anti-slip properties, ideal for any bathroom.

**See page 264**

### Freestanding

Choosing a freestanding bathtub means your bathroom will have a beautiful statement piece and you'll have your own personal island to escape to. You can find your perfect freestanding bath with Roca today; discover exclusive designs in Surfex® and Stonex®, find elegance in cast iron options, let the lightness of acrylic baths take you away, or choose a robust and hygienic steel alternative.

**See pages 254, 259, 262, 263, 264 and 265**

## Shower trays

The shower space is always limited by the shower tray. For this reason, the correct choice is one of the keys to succeed in the renovation of any bathroom.

### Stonex® Resin

The shower trays manufactured in Stonex®, a resistant and long lasting material, may be installed at floor level and due to their textured surface, they feature a high anti-slip property. Moreover, they are available in different natural finishes.

**See page 267**

### Acrylic

Acrylic shower trays are light and warm, featuring a high resistance to impacts and not splintering when breaking, ensuring greater safety.

**See page 266**

### Built-in

In order to add continuity to your bathroom floor and have a shower space that is fully integrated in the atmosphere you may install a built-in shower tray. If you choose this option, ensure you install the correct water drainage with the In-Drain systems.

**See page 269**

### Vitreous China

If you are looking for an affordable shower tray, easy to clean and resistant to chemical agents, those manufactured in vitreous china are a good option.

**See pages 267**

### Senceramic®

Installing shower trays manufactured in Senceramic® not only allows you to experience all the benefits of an extra-slim design, it also invites you to enjoy different natural textures which are warm to the touch. The material Senceramic® is made of a unique mixture of high quality vitreous china and enamel, creating a textured finish in the production process. Not only are these shower trays beautiful to look at, the Senceramic® texture provides strong anti-slip properties. Choose from an array of colour finishes to complement any bathroom space.

**See page 268**

# Bathroom styling tips

## The classic:

### Vintage-inspired bathrooms

Although heritage designs nod back to another time, today's classic bathrooms take all the elegance and refined details of the past and combine them with modern functionalities and innovations. This bathroom style usually includes ornate shapes, often combining chrome with white, and details on handles and levers, creating a timeless look perfect for Victorian and Edwardian properties.

See page 134

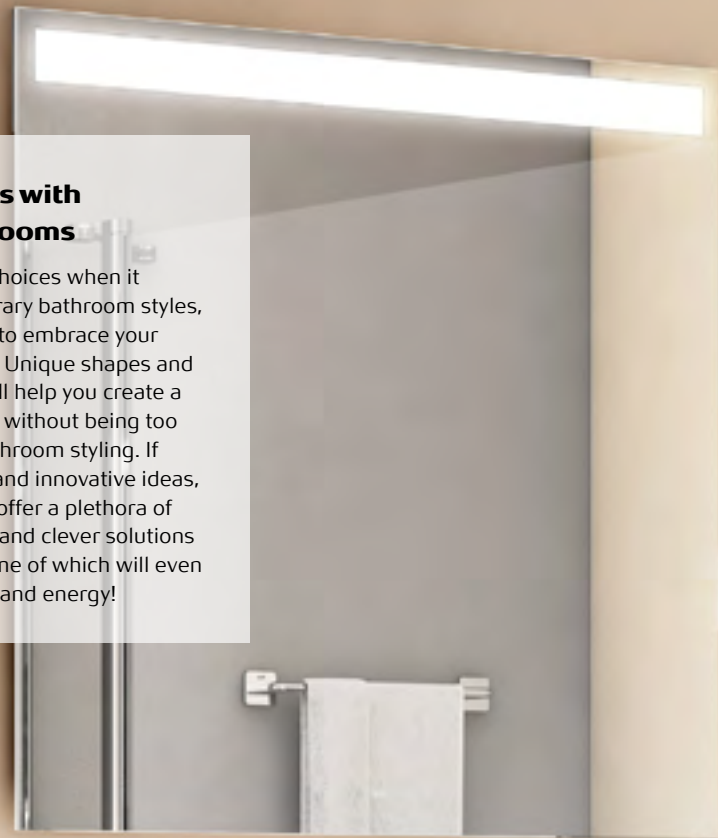

## We guide you through five timeless bathroom looks

When styling your bathroom, you don't have to opt for beige in order to create a space that will stand the test of time. Whether you're a minimalist or prefer an eclectic look, we believe everyone deserves a bathroom that works with you and your style perfectly. If you need a little assistance and inspiration, read on to find a selection of timeless, yet far from bland, bathroom styling ideas.

### A touch of class with modern bathrooms

There are so many choices when it comes to contemporary bathroom styles, giving you a chance to embrace your own individual style. Unique shapes and exquisite finishes will help you create a sophisticated space, without being too trend-led in your bathroom styling. If you're open to new and innovative ideas, modern bathrooms offer a plethora of materials, functions and clever solutions to choose from - some of which will even help you save water and energy!

### Mediterranean-style décor

A Mediterranean style bathroom offers you an eternal summer! Contrasting fresh, bleached colour schemes typical of sunny coastal villages, with warmer colours and rich material choices like wood, make for a beautiful mediterranean feel. To help achieve this gorgeous bathroom style, combine blue and white textiles with tiles in white, blue, aqua or turquoise colourways, together with rustic details such as exposed wooden beams.

### The pureness of minimalist bathrooms

Decorating a bathroom does not just mean filling the space to its capacity. Simple beauty can be found in leaving empty space. By opting for a combination of clean lines and good quality materials when you select your bathroom pieces, a minimalist bathroom can still feel complete and warm. The addition of different shapes and muted colours will create interest whilst keeping the space calm.

European water label scheme

Many of our products are registered with the Water Label scheme. The scheme identifies water saving products, that when installed and used correctly, will use less water, saving energy and money. The Water Label is used across Europe for most bathroom products.

Throughout our brochure, we have used the one-line version of the label as shown above, the flow rate classification is measured at 3 bar pressure.

4.5/3 litre dual-flush system

Soft Air® technology

The unique In-Tank Meridian WC is a revolutionary bathroom fitting concept which incorporates the tank in its interior. It is the first WC to offer wall-hung and back-to-wall options which do not require a concealed cistern, facilitating ease of installation and creating an ideal solution for small spaces. Water enters the tank and then air is introduced by a revolutionary blower which has been developed in collaboration with Fluidmaster. This innovative blower pushes the water through the toilet rim to flush the WC. Works on mains pressure only. Requires electrics. For pre-installation instructions please visit our website.

All Modo baths are supplied with integral waste and Surfex® waste cover.

# Customisable basins - Modo

On a highly aesthetic and functional level MODO has been developed, the first collection formed from a new solid surface material, SURFEX®.

The collection is formed of washbasins, shelves and baths, available in a range of sizes.

Modo washbasins are fully customisable allowing you to create a solution for your space requirements.

For ease of reference, please find below the pricing structure.

### To build your customisable basin and calculate the RRP

- 1. Choose the basin shape, size and taphole configuration, see Table 1
- 2. Add additional bowls if required, see Table 2
- 3. Choose basin skirting options, see Table 3

Table 1

# Bathroom Storage units

Designed with smaller bathroom spaces in mind, storage units make the most of the vertical space available, providing a stylish storage solution, when space is critical.

With floorstanding and wall-hung unit options, Roca's storage cabinets are also available in a wide choice of finishes to suit a variety of bathroom styles, the units can be combined with existing sanitary ware to provide additional storage space.

# Smart Shower

The new digital Smart Shower combines striking design with powerful performance. The Smart Shower uses smart technology to personalise each showering experience.

## Smart Shower

At the forefront of smart technology, Roca's Smart Shower enables you to control and customise every aspect of your shower through the control panel or through an app, to enhance your luxury showering experience.

**Warm-up**

It pre-heats the shower at the desired temperature by activating all its water outlets at the same time, letting cold water flow until the pre-set temperature is achieved.

**Programs**

Set your preferences according to the time of day, automate the shower or activate the child protection to ensure a safe showering experience.

**Profiles**

It installs and stores up to 3 different user profiles with their own temperature, flow rate and water outlet parameters.

**App**

It allows you to set up all options with up to 3 different user profiles, check your own water and energy usage statistics.

Smart Shower	Smart Shower components in the box:				
 5A104AC00 £2340.00	Smart Shower 	3 way electronic mixer 	Wi-Fi module (To connect the 3 Way electronic mixer to the mobile app) 	Plastic box to conceal in the wall, to house the Smart Shower panel. 	Power supply - 12V 
The main components above are included with the Smart Shower, please see page 222-223 for the Smart Shower packs.					

New product

Dimensions are in mm. Prices shown are inclusive of VAT.

The Smart Shower requires a minimum pressure of 1.5 bar for optimum performance.  
A shower pump will be required if used with a low pressure water system.  
Please ensure that you seek guidance from bathroom professionals regarding your installation requirements.  
If you require further details please contact our Customer Service team on 01530 830080.

Smart Shower Packs

N

To help you design the perfect shower for your needs, we have specially selected five different shower packs below. Alternatively, you can choose the Smart Shower and create different variations for your requirements by selecting different showering or bath accessories. The Smart Shower can be paired with up to three different outlet options, providing various showering combinations. Please see pages 242 - 251 for shower and bath accessories.

\* The ECO bath has a reduced capacity of 131 litres

# Acrylic bath panels

Reinforced standard and tall panels go through a two stage reinforcement process to make them strong, rigid, smooth and glossy.

Superthick panels are made from double thickness, high impact polystyrene.

Reinforced tall (540 high)		Almeria	BeCool	Genova	Giralda	Malaga	Sitges	Sureste	The Gap	Vythos
Ref.
