SHOWROOM EXCLUSIVE RANGES FROM AQUADART

ASINO 6  
&  
onisa 8

At Aquadart we are **passionate** about being innovative, from new processes to the latest **design** trends.

We are proud to **introduce** our beautifully crafted new ranges **ASINO 6** & **onisa 8** which deliver **timeless** design, superior quality and robust performance.

Our **new showroom** exclusive ranges encourage customer and retailer engagement, highlighting the significant **research** and **development** that has gone into each range.

Due to the **premium** nature of these ranges they will only be available from displaying dealers.

## SHOWROOM EXCLUSIVE

FROM AQUADART

*Asino 6 & Onisa 8 products are available from Authorised showrooms displaying these ranges.*

### SHOWER ENCLOSURES

Asino6 & Onisa8 products are manufactured in accordance with ISO 9001 and ISO 14001. All glass fully conforms to the relevant EN standards for toughened safety glass. All aluminium sections are extruded from alloys which comply with relevant EN standards. Doors and enclosures are tested in accordance with the relevant EN standards and are suitable for use with modern power showers. Profiles are adjustable to compensate for out-of-true walls, please see specific product details for levels of adjustment. Products are supplied with full installation instructions and fixings.

### GUARANTEE INFORMATION

Aquadart guarantees cover all manufacturing defects. This guarantee does not cover damage during fitting or misuse. The guarantee applies only to the original purchasers of the product and is not transferable. To register your guarantee visit [www.aquadart.co.uk](http://www.aquadart.co.uk) where you will also find our terms and conditions.

### SHOWER ENCLOSURES

All shower enclosures carry a lifetime guarantee when fitted with an Aquadart shower tray. A 10 year guarantee will be given when fitted with any other manufacturer's tray.

### SHOWER TRAYS

All shower trays carry a lifetime guarantee.

### PRICES

The prices included within this brochure supersede all previous publications with goods being invoiced at prices ruling on date of dispatch. Prices are subject to alteration without notice.

### ERRORS & OMISSIONS

In the interest of continuing design, development & product improvement Aquadart reserve the right to change colour, designs and product specifications without prior notice. All colours in this brochure are as accurate as the printing process will allow.

### MEASUREMENTS

All dimensions are in millimetres and are nominal, they are provided as guidance only. Please note: measurements are not suitable as template for mosaic tiles/bespoke wetroom floors.

### CLEANING INSTRUCTIONS

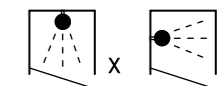

It is important to clean your Aquadart shower enclosure after every use. Please wipe down all the glass and metal parts with a clean soft cloth. Ensure that all residual water on the glass is removed after every use.

### CLEAN AND CLEAR™

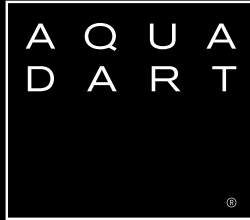

Clean and Clear™ glass can be cleaned with any suitable non-abrasive glass cleaner - with PH value of between 3-11; the coating will not be damaged. Avoid surfactants and heavily perfumed products. Vinegar and water based products are very effective. Do not use abrasive scrubbing cleaners or equipment for cleaning. Install your enclosure in a well ventilated area.

### USAGE

For reliable, watertight performance from your Aquadart enclosure your shower head should not be positioned so that the shower sprays directly onto the enclosure door. Failure to comply with this may cause the shower to leak. Outward opening doors may cause water to drip onto the floor; please ensure that the floor covering immediately outside the enclosures will not be affected by water.
