LIFESTYLE

We design and create from Valencia, with the light and magic of the Mediterranean.

We inspire new, memorable sensations that transform environments and make you feel life. Why in the end, it is always about this, living with passion and making you feel.

We do this by designing and manufacturing 3D wall decoration pieces, hand-made in a human factory.

Diseñamos y creamos desde Valencia, con la luz y la magia del Mediterráneo. Inspiramos sensaciones nuevas, memorables, que transforman los ambientes y hacen sentir la vida. Por qué al final, siempre se trata de esto, de vivir con pasión y hacer sentir. Lo hacemos diseñando y fabricando piezas de decoración 3D para paredes, realizadas a mano en una fábrica sostenible.

CONCEPT

To be capable of creating a new language using our resources is a fascinating challenge that we confront daily.

Elements that in themselves or combined together outline a personality and add a new dimension to the design of luxury commercial spaces and exclusive homes.

Ser capaces de crear un nuevo lenguaje con nuestras piezas es el reto fascinante al que nos enfrentamos todos los días.

Piezas que por sí solas o combinadas entre ellas marquen la personalidad y aporten una nueva dimensión en el diseño de espacios comerciales de lujo y en hogares exclusivos.

MATERIAL

Okiun has decided to invest in new types of materials never before used in the concrete sector, with the belief, that combined with a new generation of coatings we can discover and create unique pieces. All pieces are manufactured with an innovative concrete formula patented by Okiun that provides excellent qualities of hardness, strength and durability. It is an ecological material, as it can be 100% recycled. It can be reprocessed and used again in its production.

Okiun ha decidido apostar por nuevos tipos de materiales nunca antes utilizados en el sector del hormigón, con la creencia, de que combinados con una nueva generación de recubrimientos podemos descubrir y crear piezas únicas. Todas las piezas están fabricadas con una innovadora fórmula de hormigón patentada por Okiun que le aporta excelentes cualidades de dureza, resistencia y durabilidad. Es un material ecológico, ya que puede reciclarse el 100%. Puede ser reprocesado y utilizado de nuevo en su ciclo de producción.

100% recyclable
It can be reprocessed and used again in its production cycle.

Fire resistant
The composition with high concentration of natural minerals gives it the best characteristics against fire

High durability
The materials used in the production of the pieces are of the highest quality and the development of each piece has been thought to guarantee a long life.

Easy Installation
No construction work is required, installation is quick and easy.

Easy Cleaning and Maintenance
It requires no maintenance and is very easy to clean.

Easy to repair
The repair is very simple, with the replacement of parts without any work.

Atmospheric conditions resistance
Outside Optimal behaviour of the parts outside.

Sunlight resistant
Optimal behaviour, no alteration of the aesthetic appearance

Soundproofing
Its exclusive composition and volumetric shapes make it, together with its mass, a solution that improves the acoustic insulation of the places where it is installed. In addition, Okiun's 3D design improves reverberation.

3D Light Effect
Ideal material for use in environments with a play of light and shadow due to its volume and 3D effect

Custom Pieces/Logos
Possibility to customize logos and images drawn on the pieces

Rehabilitation
Thanks to its characteristics, it is a very appropriate solution for aesthetic rehabilitations without building work.

HANDMADE

The human element is present and involved in every step of manufacturing.

All okiun pieces are handmade and pass a minimum of 10 times through the hands of a craftsman. Each piece is unique and has been made with passion so that it is able to transmit that authenticity in the history of decoration that will become part of it.

El elemento humano está presente e implicado en cada paso de la fabricación.

Todas las piezas de okiun están realizadas a mano y pasan un mínimo de 10 veces por las manos de un artesano. Cada pieza es singular y ha sido elaborada con pasión para que luego sea capaz de transmitir esa autenticidad en la historia de decoración que pasará a formar parte.

HANDMADE

HANDMADE

Everything from the intimacy of a craft dimension in a sustainable factory
Todo desde la intimidad de una dimension artesanal en una fábrica sostenible

#OkiunHandmade

ECOFRIENDLY

Products for sustainable development

Sustainable development for Okiun is a commitment made since its creation, therefore, any goal or strategy proposed must take the necessary measures to ensure this commitment. It is a belief that is deeply rooted at Okiun, for us great design and sustainable production are inseparable. We work continuously to implement eco-sustainable production processes in order to offer more innovative products with the clear objective of minimising environmental impact.

Productos para el desarrollo sostenible

El desarrollo sostenible para Okiun es un compromiso adquirido desde su creación, por lo tanto, cualquier meta o estrategia planteada debe adoptar las medidas necesarias para garantizar este compromiso. Es una creencia que está profundamente arraigada en Okiun, para nosotros el gran diseño y la producción sostenible son inseparables. Trabajamos continuamente para implantar procesos de producción ecosostenibles y así poder ofrecer productos más innovadores con el objetivo claro de minimizar el impacto ambiental.

Value Proposition

#OkunHotels&Restaurants

Value Proposition Hotels & Restaurants

A new generation of decorative elements never seen before evolving towards a new decoration in the Hospitality- Contract sector.

Okun's value proposition is composed of 4 realities:

Memorable experience
Total Customization
Profitability
Applications

Oferta de Valor Hotels & Restaurants

Una nueva generacion de elementos decorativos nunca antes vistos que evolucionan hacia una nueva decoración en el sector Hospitality -Contract

Okun's value proposition is composed of 4 realities:

Experiencia memorable
Personalizacion Total
Rentabilidad
Aplicaciones

Memorable Experience

Okiun pieces have the ability to transform the simplest thing into an exclusive and amazing environment. It is a new decorative element worldwide never seen before that generates in the final customer a memorable experience.

I have never seen anything like it before and above all I have never felt anything like it before. You will never forget it.

The pieces are irresistible to touch, to feel the pieces in your hand and create a great Wow effect.

The environments with Okiun pieces make the final client feel EXCLUSIVE, feel unique when enjoying the decoration created by the Okiun pieces.

Experiencia Memorable

Las piezas Okiun tienen la capacidad de transformar lo más simple en un ambiente exclusivo y asombroso. Es un nuevo elemento decorativo a nivel mundial nunca antes visto que genera en el cliente final un Experiencia memorable.

Nunca antes había visto nada parecido y sobre todo nunca antes había sentido nada parecido. Nunca lo olvidará.

Las piezas son irresistibles a tocar, a sentir las piezas en la mano y crean un gran efecto Wow.

Los ambientes con piezas Okiun hacen sentirse EXCLUSIVO al cliente final, sentirse único al disfrutar de la decoración creada por las piezas Okiun.

Total Customization

The range consists of 16 Geometries, 8 finishes and more than 100 colours. Each project is unique and different from all the others. You can choose the geometry, the finish and any colour from a RAL or NCS chart. You can also choose any drawing or logo to make it on your pieces, all are limited series with total customization.

Personalización Total

La gama está compuesta por 16 Geometrias, 8 acabados y más de 100 colores. Cada proyecto es único y diferente a todos los demas. Se elige la geometria , el acabado y cualquier color de una carta RAL o NCS. Ademias pude elegir cualquier dibujo o logo para realiarlo sobre sus piezas. Todos son Series limitadas con personalizacion Total

Bespoke Projects

We develop together with the professionals custom-made pieces for exclusive projects. OkiunLab is the design studio of Okiun specialized in project development that it makes available to professionals all their experience and facilities to carry out the maximum detail part developments singular.

Bespoke Projects

Desarrollamos junto con los profesionales piezas a medida para proyectos exclusivos. OkiunLab es el estudio de diseño de Okiun especializado en desarrollos de proyectos exclusivos que pone a disposición de los profesionales toda su experiencia e instalaciones para llevar adelante con el máximo detalle desarrollos de piezas singulares.

Profitability

The memorable experience provided by the openings created with Okiun pieces exceed the expectations of the end customer

Okiun’s wow effect breaks his expected perception and makes him feel unique, that he feels exclusive.

The final customer keeps this feeling in his memory forever.

The valuation of the hotel, restaurant or stay in the mind of the customer is immense valuing that the price paid is less than the great experience you are enjoying

Return on investment
End Customer Perception & Investment

Rentabilidad

La experiencia memorable que aporta los ambientes creados con las piezas Okiun superan las expectativas del cliente final

El efecto wow de Okiun rompe su percepcion esperada y hace qe se sienta unico,que se sienta exclusivo.

El cliente final guarda en su memoria para siempre esa sensacion

La valoracion del hotel, restaurante o estancia en la mente del cliente se incrementa valorando que el precio pagado es inferior a la gran experiencia que está disfrutando

Retorno Inversión
Percepción del cliente final & Inversion

Okiun Applications

Thanks to its large number of finishes, colours and geometries it is a material that can be adapted to any project or aesthetic solution, whether it is to create a memorable detail or to create a unique experience when entering a reception or hotel room. Applications range from a hotel facade to a painting in a hotel corridor. Okiun can be applied both indoors and outdoors. Imagination is the only limit to the application of Okiun pieces.

Aplicaciones Okiun

Gracias a su gran número de acabados, colores y geometrías es un material que se adapta a cualquier proyecto o solución estética. Bien sea para crear un detalle memorable o para crear una experiencia única al entrar en una recepción o una habitación de un hotel. Los ámbitos de aplicación incluyen desde la fachada de un hotel hasta un cuadro en un pasillo de ese mismo hotel. Okiun puede aplicarse tanto en ambientes interiores como exteriores. La imaginación es el único límite que tiene la aplicación de las piezas Okiun.

GENERAL INSTRUCTIONS / INSTRUCCIONES GENERALES

1. The application of the Okiun parts is simple, if the correct steps are followed. It requires professionals with experience in fixing projects with other materials, such as ceramics or natural stone.

La aplicación de las piezas Okiun es sencilla si se siguen los pasos correctos. Requiere de profesionales con experiencia en proyectos de fijación con otros materiales como cerámica o piedra natural.

2. By calculating the total weight of the parts to be installed, check that the wall´s load capacity where the Okiun parts are going to be placed is correct. In the technical sheets of each piece you will be able to check the weights per m².

Comprobar que la capacidad de carga de la pared donde vamos a colocar las piezas Okiun es la correcta, calculando el peso total de las piezas a instalar. En las fichas técnicas de cada pieza se puede consultar los pesos por m².

3. The placement must be done at room temperatures of 8 - 32 °C / 48-88 °F.

La colocación debe realizarse con una temperatura ambiente entre 8 – 32 °C / 48-88 °F.

4. Before starting the installation, it is essential that the support is open to the air and completely dry for a minimum period of 6 weeks, whether of interior walls, or walls of brick or concrete.

Es muy importante que antes de empezar la colocación el soporte este perfectamente seco al aire un mínimo de 6 semanas para paredes o muros de ladrillo u hormigón.

PREPARATION / PREPARACIÓN

1. The wall or panel on which the Installation is to be made must be smooth, without any irregularities, and must be rigid without any flexing.

La pared o el panel sobre el que se va a realizar la instalación debe estar liso sin ninguna zona irregular y debe ser rígido sin apenas flexión.

2. Painting the support wall with the same colour as the Okiun pieces is recommended.

Se recomienda pintar la pared de soporte con el mismo color que las piezas Okiun.

3. In the event that an installation wall is able to absorb moisture, the application of a water-proofing layer with a dry mortar is recommended.

En el caso que la pared de instalación pueda absorber humedad se recomienda aplicar una capa de impermeabilización con un mortero dry.

4. The supports made with drywall panels of plaster are able to support large loads, but the paper layer may be detached, so the installation must start from the ground upwards, row by row, in order that the load is progressively transferred from the ground.

Los soportes realizados con paneles de yeso soportan grandes cargas, pero la capa de papel puede desprenderse por lo que se debe empezar la instalación desde el suelo, fila por fila para que la carga se transfiera desde el suelo.

FIXINGS AND ADHESIVES / FIJACIÓN Y ADHESIVOS

OPTION 1 / OPCIÓN 1

Adhesive based on hybrid polymer smx (inside)

Adhesivo basado en polímero híbrido smx (interior)

The option of gluing with polymer putty is cleaner and faster. Adhesive should only be applied on the back of the piece to be installed, carefully leaving a width of 1-2 cm around the edges of the piece without adhesive, in order that when the piece is placed and pressed against the wall no adhesive overflows at the joins.

Should adhesive ooze from the joins, clean the excess adhesive from joins immediately, but never with abrasive or strong sponges. For cleaning always use cotton rags or other soft fabrics with clean water.

La opción de pegado con masilla de polímero es más limpia y más rápida. Se debe aplicar sólo adhesivo sobre la parte trasera de la pieza que se va a instalar, dejando un ancho de 1-2 cm sin adhesivo alrededor del borde de la pieza para que cuando se coloque la pieza y se apriete contra la pared no rebose el adhesivo por las juntas.

Limpiar inmediatamente el adhesivo sobrante de las juntas, nunca con esponjas abrasivas o fuertes. Para la limpieza siempre use trapos de algodón u otras telas suaves con agua normal.

OPTION 2 / OPCIÓN 2

Adhesive based on cement mortar ce-c2e (inside-outside)

Adhesivo basado en mortero cementoso ce-c2e (interior-exterior)

Make the mixture according to the instructions recommended by the mortar manufacturer. Apply the mixture with a spatula on only the back of the piece to be installed, leaving a width of 1-2 cm around the edges of the piece without adhesive, in order that when the piece is placed and pressed against the wall no adhesive overflows at the joins.

Should adhesive ooze from the joins, clean the excess adhesive from joins immediately, but never with abrasive or strong sponges. For cleaning always use cotton rags or other soft fabrics with clean water.

Realizar la mezcla según las instrucciones recomendadas por el fabricante del mortero. Aplicar la mezcla con una espátula sólo sobre la parte trasera de la pieza que se va a instalar dejando un ancho de 1-2 cm sin adhesivo alrededor del borde de la pieza para que cuando se coloque la pieza y se apriete contra la pared no rebose el adhesivo por las juntas. Limpiar inmediatamente el adhesivo sobrante de las juntas, nunca con esponjas abrasivas o fuertes. Para la limpieza siempre use algodón u otras telas suaves con agua normal.

CUTTING /CORTADO

Okiun pieces can be easily cut; however, the profile of the cut will be aesthetically different.
Las piezas de Okiun se pueden cortar fácilmente. El perfil del corte será estéticamente diferente.

Option 1 / Opcion 1

Angular grinder, with 1-2mm diamond disc at low speed, 4,000 RPM.
Amoladora angular, con disco de diamante de 1-2 mm a baja velocidad, 4.000 RPM.

Option 2 / Opcion 2

Ceramic water cutter.
Cortadora cerámica de agua.

CARE & MAITENANCE / CUIDADO Y MANTENIMIENTO

1. Las piezas Okiun no requieren ningún mantenimiento especial. Para su limpieza simplemente utilice un paño de algodón con agua o un plumero para el polvo.
Okiun parts do not require any special maintenance. For cleaning, simply use a cotton cloth with water, or a duster.
2. Avoid contact with cleaning products that are acidic or corrosive.
Hay que evitar el contacto con productos de limpieza que sean ácidos o corrosivos.
3. Avoid hitting the pieces with hard or sharp elements.
Evitar golpear las piezas con elementos duros o afilados.

INSTALLATION VIDEO / VIDEO DE INSTALACIÓN
