DISCLAIMER

Photography

All images are for indicative purposes only. Due to differing lighting and printing inks the colours shown throughout this brochure may differ slightly from actual tiles. It is recommended that a sample tile from the current batch be ordered for a more accurate colour representation.

Shade Variation

Shade variation is an inherent feature of porcelain and ceramic tiles we therefore recommend that a satisfactory blend is achieved prior to fixing. It is also recommended that sufficient tiles are purchased at one time as there may be a shade variation between batches. No liability for shade issues will be accepted after fixing.

Dimensions

Nominal dimension are shown throughout this brochure, these are subject to minor variation within international standards.

WHY CHOOSE LOOSELAY?

Palio LooseLay offers a quick fitting installation method of a LVT floor available in wood and stone designs. The installation of Palio LooseLay is simple; planks and or tiles are placed in position tight to each other and the edge of the room and held in place by its friction grip backing. The pliable nature of Palio LooseLay means it is easy to score and snap to size. A great choice for those who wish to swap out their floor frequently, playrooms and rental properties where damages can occur, it's easy to change a plank or tile without taking up the whole floor. A tackifier is recommended for thresholds and rooms greater than 16m² to provide extra grip to the subfloor.

Tackifier dries clear within between 30-60 minutes, allowing for incredibly efficient installation even over large areas.

All of the ranges pictured are kept in stock at our Killingworth Warehouse.

CONTENTS

Wood Plank 01-07

Tile Look 08-10

Linosa

The Looselay Plank is sold in packs of 3.15m²
Each Plank comes as 1050x250
