SETTECENTO
MANIFATTURA CERAMICA

Settecento

Dal 1969

Da oltre 50 anni Settecento progetta e produce superfici da pavimento e rivestimento con uno spirito di ricerca artigianale e con l'ambizione di creare prodotti che escano dalla gabbia del tempo e delle mode.

Since 1969 *_ Settecento has been designing and manufacturing wall and floor surfaces for over 50 years. A continuous dedication of artisan research and the ambition to realize products unaffected by time and fashion is our pledge.*

Made in Italy

L'intero processo produttivo si svolge all'interno del nostro territorio, cosí come la ricerca e lo sviluppo, perché crediamo fortemente nel Made in Italy sia da un punto di vista imprenditoriale e produttivo che da un punto di vista creativo. Questo ci consente di portare con orgoglio su tutti i nostri prodotti il marchio "Ceramics of Italy" che garantisce i più alti standard qualitativi.

Made in Italy *_ The entire production process, along with the whole research and product development, takes place in our territory, because we firmly believe in the Made in Italy in terms of both business activity and creativity. This allows us to proudly carry the "Ceramics of Italy" trademark on all our products, a true warranty of the best and highest quality standards.*

Indipendenza

Settecento non è soltanto un marchio, ma un'impresa indipendente, libera di progettare e produrre i propri prodotti senza vincoli o compromessi dettati da logiche esterne.

Independence _ *Settecento is not only a brand but an independent firm, free to design, create and manufacture its own products without compromises and outer obligations.*

Artigianalità

La passione per il fare e l'amore per la materia ci spingono a lavorare in modo artigianale per creare superfici che restituiscano calore. Progettiamo partendo dal lavoro manuale per poter intervenire accuratamente sui dettagli. Il processo industriale è la fase in cui trasferiamo serialità e perfezione al prodotto.

Craftsmanship _ *Passion for work and love for materials are our drive for creating warm finishes with craftsmanship. We design surfaces starting from hand made skills in order to dedicate the outmost care and accuracy to details. The industrial process is implementing and refining the product's perfection with best quality standards.*

L'accettazione da parte del Venditore di qualsiasi assegno, tratta, pagherò o altro metodo, sarà salvo buon fine e non costituirà pagamento fino a quando il Venditore non avrà incassato l'intero importo in contanti. L'Acquirente che abbia presentato reclamo nel modo e nei termini sopra indicati dovrà tenere fermi a disposizione del Venditore per ogni controllo tutti i Prodotti contestati. In ogni caso l'Acquirente non potrà restituire, senza una preventiva autorizzazione scritta dal Venditore, i Prodotti interessati. Die ggf. vom Verkäufer angegebenen Lieferzeiten verstehen sich stets nur richtungsweisend und sind in keiner Weise als verbindlich zu betrachten. Der Verkäufer behält sich das Recht vor, jeden Auftrag ganz oder teilweise zu streichen, auszusetzen oder zu verzögern, wenn dies durch die Situation oder durch Probleme bei Produktion und Lieferung des Verkäufers, aus Gründen höherer Gewalt oder anderer Ursachen, die nicht in Händen des Verkäufers liegen, notwendig werden würde. Der Verkäufer behält sich außerdem das Recht vor, wegen Produktions- oder Absatzproblemen die Produktion einzelner Produkte einzustellen. Der Käufer verzichtet auf jede Art von Anspruch wegen der Streichung von Aufträgen oder Verzögerung bei der Lieferung der Produkte, darin enthalten - ohne Einschränkung - auf Forderungen für direkten, indiredten, Zufalls – und Folgeschaden und anderen Schaden und Entschädigungen. Nur wenn die Verzögerung 60 Tage überschreitet, kann der Käufer vom Vertrag zurücktreten, indem er dem Verkäufer schriftlich seine Absicht mitteilt, ohne dass sich daraus ein Recht auf Schadensersatz für ihn ergäbe.

6) VERLUSTRISIKO

Unabhängig von jeder anderen Verkaufsbedingung, die angeführt werden könnte, und von der Tatsache, dass die Speditions- und Transportkosten vom Verkäufer übernommen werden könnten, gehen alle Schadens-und Verlustrisiken der Produkte im Moment der Warenübergabe durch den Verkäufer an den Frachtführer auf den Käufer über. Schadensersatzansprüche wegen Verlust oder Beschädigung dürfen vom Käufer nur gegenueber dem Frachtführer geltend gemacht werden.

7) EIGENTUMSVORBEHALT

Solange der Verkäufer nicht die vollständige Zahlung der Produkte vom Käufer erhalten hat, behält der Verkäufer das Eigentumsrecht für diese Produkte, dies gemäss Artikel 1523 und folgende des italienischen Zivilgesetzbuches.

8) ZAHLUNGSBEDINGUNGEN

Der Käufer entrichtet die Zahlung innerhalb der im Vertrag festgelegten Fristen an den Sitz des Verkäufers in Fiorano Modenese, Modena. Der Käufer darf die Zahlung aus keinem Grund verzögern oder aussetzen, unabhängig von irgendwelchen Schadensersatzforderungen, darin enthalten - ohne Einschränkung - Forderungen wegen fehlerhafter, mangelhafter oder unregelmäßiger Produkte, ausgenommen der Möglichkeit, einen Betrag zurückzufordern, der erwiesenermaßen ungeschuldet bezahlt wurde. Die Annahme von Schecks, Wechseln, Eigenakzepten u. a. durch den Verkäufer geschieht unter üblichem Vorbehalt und stellt keine Zahlung dar, solange der Verkäufer nicht den gesamten Betrag in bar einkassiert hat. Bei Zahlungsverzögerungen, und sei es nur von Teilbeträgen, hat der Verkäufer das Recht, die Lieferungen auszusetzen und kann, nach Belieben, die sofortige Zahlung aller vom Käufer schuldigen Beträge fordern, angemessene Zahlungsgarantien verlangen oder den Vertrag als gelöst betrachten. Bei Zahlungsverzögerungen muss der Käufer dem Verkäufer für den noch ausstehenden Betrag ab dem Fälligkeitsdatum bis zum Tag der vorgenommenen Zahlung Zinsen zahlen; dies zu einem Zinssatz, der 5% über dem zu dieser Zeit gültigen offiziellen Satz der Banca d'Italia liegt, oder zum gesetzlich zulässigen Hoechstsatz, wenn dieser niedriger ist. Unabhängig von jeder anderen Absprache bezüglich Zahlungen und Kreditbedingungen, kann der Verkäufer nach eigenem Ermessen jederzeit die Barzahlung vor der Gesamt- oder Teillieferung der Produkte fordern. Wenn der Verkäufer der Meinung ist, dass der Käufer die ihm vertraglich zustehenden Zahlungen nicht vornehmen kann, kann er nach eigenem Ermessen den Vertrag als gelöst betrachten, wobei der Käufer weiterhin die Pflicht hat, die bereits gelieferte Ware zu bezahlen. Strengt der Verkäufer Verfahren an, um einen vom Käufer schuldigen Betrag einzufordern oder um seine vertraglich festgelegten Rechte, einschließlich das des Eigentumsvorbehaltes, geltend zu machen, muss der Käufer dem Verkäufer alle Ausgaben, Gebühren und Gerichtskosten zurückerstatten.

9) GARANTIE

Wenn nicht ausdrücklich schriftlich festgelegt, leistet der Verkäufer weder ausdrückliche noch stillschweigende Garantie für die Produkte, darin enthalten - ohne Einschränkung - Garantie der Verkäuflichkeit oder Angemessenheit für bestimmte Zwecke. Weiterhin gilt jede schriftlich vom Verkäufer für den Käufer ausgestellte Garantie nicht für Produkte zweiter und dritter Wahl, sondern ausschliesslich fuer Produkte 1. Sortierung mit einem Toleranzanteil von ca 5%. Bei Erhalt der Produkte muss der Käufer diese einer gründlichen Kontrolle unterziehen, wobei die Kartons geöffnet werden. Der Käufer übernimmt die volle Verantwortung, um zu prüfen, ob die Produkte mit der Bestellung übereinstimmen und dem Zweck entsprechen, für den sie vom Käufer vorgesehen wurden, unabhängig von den Empfehlungen und Hinweisen, die der Verkäufer zu den Produkten und ihrem Verwendungszweck gegeben hat. Der Verkäufer kann in keinem Fall ausdrückliche oder stillschweigende Garantie für die Übereinstimmung, Regelmäßigkeit oder andere Aspekte hinsichtlich Farbe, Tönung und Schattierung der Produkte oder die Übereinstimmung der Produkte mit der Farbe, Tönung und Schattierung eines Musters leisten oder geleistet haben. Der Käufer erkennt an, dass die Unterschiede bei Farbe, Tönung und Schattierung zu den produkttypischen Eigenschaften gehören und somit wesentlich und unvermeidlich sind und die Muster lediglich als annaehernd zu betrachten sind.

10) REKLAMATIONEN

Jede Art von Reklamation und Anfechtung von Seiten des Käufers, darin enthalten - ohne Einschränkung - Reklamationen wegen Produktfehlern, muss spezifiziert werden und innerhalb und nicht später als 8 Tage nach Erhalt der beanstandeten Ware und auf jeden Fall vor dem Verlegen schriftlich per Einschreibebrief mit Rückschein an den Sitz des Verkäufers in Fiorano Modenese, Modena, gerichtet werden. Eine ausbleibende Reklamation in der o.g. Form und Frist stellt eine unwiderrufliche Annahme der Produkte von Seiten des Käufers dar und die Anerkennung, dass die Produkte vollständig mit den Vertragsangaben übereinstimmen. Der Käufer, der die Reklamation in der o.g. Form und Frist vorgenommen hat, muss dem Verkäufer die gesamte beanstandete Ware zur Begutachtung bereithalten. Der Käufer darf die betreffenden Produkte ohne vorausgehende schriftlich Genehmigung des Verkäufers keinesfalls zurücksenden. Werden die Fehler anerkannt, kann der Verkäufer nach Belieben die beanstandeten Produkte umtauschen oder den Vertrag vollständig oder teilweise annullieren oder auflösen, ohne die Produkte ersetzen zu müssen. Der Käufer verzichtet auf alle weiteren Ansprüche, darin enthalten - ohne Einschränkung - auf Forderungen für direkten, indirekten, Zufalls - und Folgeschaden und anderen Schaden und Entschädigungen, sowie auf das Recht, den Vertrag zu annullieren oder aufzulösen.

11) ANZUWENDENDES RECHT

Der Vertrag wird durch das Italienische Recht verwaltet.

12) GERICHTSBARKEIT

Für jede Art von Streitigkeiten zwischen Ceramiche Settecento Valtresinaro S.p.A. und dem Kaeufer bezuglich der Auslegung, der Ausuebung und Aufloesung der hier angefuehrten vertraglichen Bestimmungen ist ausschließlich das Gericht von Modena zuständig.

13) ÄNDERUNGEN

Jede Änderung des Vertrags muss, um gültig zu sein, schriftlich angeführt und im Sitz des Verkäufers in Fiorano Modenese, Modena, von einer dazu berechtigten Person mit Unterschriftenvollmacht des Verkäufers unterzeichnet werden.

RUS • Общие условия продажи

1) ПРИНЯТИЕ ПОКУПАТЕЛЕМ ОБЩИХ УСЛОВИЙ ПРОДАЖИ

Эти Общие Условия Продажи будут применяться к любому контракту Ceramiche Settecento Valtresinaro S.p.A. („Продавец“) по продаже товара („Продукция“) любому лицу, которое купило или согласилось купить Продукцию Продавца („Покупатель“), если Продавцом не было предусмотрено иное в письменной форме.
Размещая заказ на Продукцию, Покупатель принимает эти Общие Условия Продажи. Любые другие условия, которые могут быть в любое время указаны Покупателем, в виде заказа или в любой другой форме, не будут действительны и не вступят в силу, даже если Продавцом не будет ясно выражено несогласие по этому поводу.

2) ПРИНЯТИЕ И ПОДТВЕРЖДЕНИЕ ЗАКАЗА

Все заказы Покупателя, полученные через агента Продавца или иным способом, должны быть одобрены Продавцом.
Никакой заказ Покупателя не будет считаться обязующим для Продавца, если не принят Продавцом в письменной форме, в головном офисе Продавца в Фиорано Моденезе (Mo) с должным Подтверждением Заказа, которое должно быть подписано работником торгового отдела, уполномоченным подписывать от имени Продавца, и с учетом ограничений, установленных в данном Подтверждении Заказа. Любой заказ Покупателя будет считаться обязующим для Покупателя, если не будет отвержен Продавцом в письменной форме.

3) ЦЕНЫ

Если Продавцом в письменной форме не установлено ничто другое, Покупатель обязуется заплатить Продавцу за Продукцию по действующим в момент отправки ценам. Цены подразумеваются на условиях франко-завод, не включая экспедиционные и транспортировочные расходы, налоги, таможенные пошлины и любые другие расходы. По усмотрению Продавца, после принятия заказа со стороны Продавца, цены могут быть повышены в ответ на повышение расходов на сырье, рабочую силу, топливо и т.д. Если повышение цен превосходит 20%, Покупатель имеет право отказаться от контракта, извещая Продавца о своем решении в письменной форме в течение максимум 10 дней с момента получения извещения о повышении цен, исключая любое требование или претензию о возмещении убытков.

4) СКИДКИ И БОНУСЫ

Если Продавцом в письменной форме не установлено ничто другое, Покупатель не имеет право на скидки или какие-либо бонусы. Никакой агент Продавца не имеет право предоставлять скидки или бонусы от имени Продавца.

5) СРОКИ ПОСТАВКИ

Указанные Продавцом сроки поставки являются приблизительными и ни в коем случае не могут считаться окончательными.
Покупатель обладает правом отменить, отложить или задержать любой заказ (полностью или частично) в случае необходимости или проблем при производстве или поставке Продавцом, форс-мажорных обстоятельств или любой другой ситуации, находящейся вне контроля Продавца. Продавец также обладает правом прекратить производство определенной Продукции в случае необходимости или производственных либо рыночных проблем. Покупатель отказывается от любого вида претензий в случае отмены заказов или задержек при поставке Продукции, включая все без исключения претензии на прямые, косвенные, случайные, вытекающие или другие убытки либо компенсации. Только если такие задержки превышают 60 дней, Покупатель имеет право отказаться от контракта, извещая Продавца о своем решении в письменной форме, исключая любое требование или претензию о возмещении убытков.

6) РИСК ПОТЕРИ

Независимо от любых других условий продажи, которые могут быть указаны или от того, оплачивает Покупатель экспедиционные и транспортные расходы или нет, любой риск потери или причиненного Продукции ущерба переходит на Покупателя в момент передачи Продукции от Продавца грузоперевозчику, и любое требование о возмещении ущерба, нанесенного Продукции, или ее потери, может быть предъявлено только грузоперевозчику.

7) УДЕРЖАНИЕ ПРАВА СОБСТВЕННОСТИ

Пока Продавец не получит от Покупателя полную оплату за Продукцию, Продавец сохраняет право собственности на Продукцию, как предусмотрено статьей 1523 Итальянского Гражданского Кодекса.

8) УСЛОВИЯ ОПЛАТЫ

Покупатель должен произвести оплату в головном офисе Продавца в Фиорано Моденезе (Mo) в течение установленного по контракту срока.
Ни по какой причине Покупатель не может задержать или отложить оплату, независимо от любой претензии, включая без исключения любую рекламацию на инкриминируемый ущерб, недостатки или нарушения в Продукции.
Принятие Продавцом любого чека, тратты, векселя или другого способа оплаты не заменяет оплату до тех пор, пока Продавец не получит наличными полную сумму. В случае любой задержки в оплате, даже частичной, Продавец имеет право отложить поставку и может, по своему усмотрению, потребовать от Покупателя немедленную оплату причитающейся суммы, попросить предоставить гарантию платежа или расторгнуть договор.
В случае задержки в оплате Покупатель должен будет оплатить Продавцу процент с неоплаченной суммы, с момента истечения срока до эффективной оплаты, на 5% больше Официальной Процентной Ставки Банка Италии в тот момент или, если ниже, максимальную процентную ставку, допустимую законом.
Независимо от любого другого соглашения относительно оплаты или условий кредитования, Продавец может в любой момент по своему усмотрению попросить оплату наличными до полной или частичной отправки Продукции.
Если Продавец считает, что Покупатель не в состоянии произвести оплату по контракту, то Продавец по своему усмотрению может расторгнуть контракт при условии, что Покупатель обязуется оплатить уже отправленную Продукцию.
Если Продавец должен предпринимать процедуры по получении любой причитающейся суммы от Покупателя или по отстаиванию любого права по контракту, включая удержание права собственности, то Покупатель должен будет возместить Продавцу все расходы и издержки, связанные с судебным разбирательством.

9) ГАРАНТИИ

Если в письменной форме не гарантировано ничто другое, Продавец не предоставляет подразумеваемую гарантию или гарантию соответствия относительно Продукции, включая без исключения любую гарантию товарности или пригодности для определенной цели. Любая письменная гарантия, сделанная Продавцом Покупателю, не относится к Продукции второго либо третьего сорта или к товару на складе, но лишь к Продукции высшего сорта и с возможным отклонением ориентировочно в 5%. При получении Продукции Покупатель должен провести ее тщательный контроль путем открытия ящиков. Покупатель берет на себя полную ответственность по проверке соответствия Продукции с заказанным товаром, и подходит ли Продукция для задуманного Покупателем использования, независимо от любых предоставленных Продавцом указаний или инструкций относительно Продукции и ее использования. Ни в коем случае Продавец не может предоставить подразумеваемую гарантию или гарантию соответствия относительно сходства, равномерности или любой другой характеристики цвета, тональности или оттенка Продукции, или относительно соответствия Продукции с цветом, тональностью или оттенком любого образца. Покупатель признает, что изменения в цвете, тональности или оттенке являются свойственной и обязательной особенностью Продукции, и что образцы Продавца являются приблизительным сравнением с Продукцией. Ни в коем случае Продавец не может предоставить подразумеваемую гарантию или гарантию соответствия относительно заявлений, описаний или иллюстраций, содержащихся в любой брошюре или документации.

10) ПРЕТЕНЗИИ

Любая претензия или рекламация любого вида со стороны Покупателя, включая все без исключения претензии по поводу дефектов товара, должна быть ясно выражена и предъявлена в письменной форме через заказное письмо с уведомлением о вручении, которое должно быть отправлено в головной офис Продавца в Фиорано Моденезе (Mo) в течение не более 8 дней с даты получения Продукции с уведомлением и, в любом случае, до монтажа. Непредъявленная претензия вышеприведенным способом в течение указанного срока несет за собой окончательное принятие Продукции со стороны Покупателя и согласие с полным соответствием Продукции условиям контракта. Покупатель, который предъявил претензию вышеприведенным способом в течение указанного срока, должен обеспечить Продавцу возможность проведения проверок непринятого товара.
Покупатель не может возвратить Продукцию без предварительного письменного разрешения Продавца. Если будет установлен дефект, Продавец может по своему усмотрению заменить непринятую Продукцию или полностью либо частично расторгнуть контракт без обязательства замены Продукции. Покупатель отказывается от любого вида претензий, включая все без исключения претензии на прямые, косвенные, случайные, вытекающие или другие убытки либо компенсации и от права расторгнуть контракт.

11) ПРИМЕНИМОЕ ЗАКОНОДАТЕЛЬСТВО

Контракт должен соответствовать законодательству Итальянской Республики.

12) КОМПЕТЕНТНЫЙ РЕГИОНАЛЬНЫЙ ОРГАН

Разрешение любых разногласий, которые могут возникнуть между Ceramiche Settecento Valtresinaro S.p.A. и Покупателем относительно срока действия, толкования положений, исполнения и расторжения контрактов, регулируемых настоящими условиями, будет передано компетентному региональному органу, суду Модена.

13) ПОПРАВКИ

Любая поправка к контракту будет считаться действительной, если будет одобрена в письменной форме и подписана в головном офисе Продавца в Фиорано Моденезе (Mo) работником торгового отдела, уполномоченного подписывать от имени Продавца.

ITA • AVVERTENZE GENERALI - Informazioni, stuccatura, posa e pulizia

LAPPATURA
(Boudoir, Evoque, Inside21, Lichen, Matiere, Park Avenue/Place Vendome/Regent Street, Reverse)
Per i prodotti lappati si consiglia una fuga minima di 2mm; si raccomanda la massima cautela nella movimentazione e nella posa delle piastrelle stesse per non danneggiarne la superficie. Dopo la posa, immediatamente dopo la stuccatura, si raccomanda la pulizia delle piastrelle e si consiglia di proteggere le superfici fino alla conclusione dei lavori di cantiere. Per la pulizia si suggerisce l'utilizzo di prodotti a PH neutro senza abrasivi che potrebbero graffiare la superficie, dapprima testati preventivamente su una piccola porzione. I detergenti idonei sul mercato in genere riportano la descrizione "detergente per superfici delicate" e vengono utilizzati per marmi e pietre naturali levigate. È possibile utilizzare macchine lavapavimenti a vapore o scope a vapore.

SPOLVERO
(Boudoir, Lichen, Park Avenue/Place Vendome/Regent Street, Reverse, Samarcanda, The Club, The Factory)
Per i decori metallizzati è da considerarsi l'effetto "spolvero". Alcune microparticelle delle metallescenze potrebbero essere non completamente fuse alla superficie. Le prime pulizie potrebbero quindi rilasciare alcune microparticelle metallizzate. Questo non compromette la natura del decoro.

VETRO IRREGOLARE/MOSAICO
(Musiva, Nàttùra, Nordic Stone, The Wall)
A seguito della speciale manifattura artigianale la superficie vetrosa ed il colore dei mosaici non sono mai perfettamente uniformi ed omogenei. Le piccole scalfitture o imperfezioni presenti su qualche tessera sono volutamente presenti e fanno parte della caratteristica del prodotto.

CRAQUELEE
(The Traditional Style)
Non sporcare la superficie delle piastrelle con materiali solidi o liquidi (es. pennarelli, inchiostro, ...) poiché le macchie potrebbero penetrare in profondità. Dopo la posa, prima di procedere alla stuccatura: attendere un giorno o due per stabilizzare al meglio il craquélé e sottoporre il materiale ad un trattamento protettivo con un prodotto OLEOIDROREPELLENTE (tipo FILA ES82), lasciandolo agire per diverse ore. Consigliamo il taglio a secco per ragioni di pulizia. È comunque raccomandata una pulizia immediata ed efficiente se si taglia ad acqua. Contestazioni dovute alla mancanza di attenzione durante la posa non possono essere accettate. Per pulizia usare detergenti neutri, non acidi (tipo FILACLEANER) o alcol etilico.

METALLIZZAZIONI
(Bamboo, Boudoir, Brickart, Ermitage, Inside21, Lichen, Musiva, Park Avenue/Place Vendome/Regent Street, Reverse, Steve Kaufman, The Club, The Factory, Vintage, Visionnaire)
La manifattura di questo prodotto è stata realizzata con procedimenti artigianali e non industriali. Piccole imperfezioni, avvallamenti ed incrispature della superficie sono volutamente presenti costituendone specifica caratteristica del prodotto e ne testimoniano la speciale manifattura artigianale. Il fondo metallizzato, per la particolarità della lavorazione e degli smalti impiegati, può avere un effetto di forte stonalizzazione e ossidazione, caratteristica del prodotto; per la sua pulizia comportarsi come per una normale superficie in vetro usando alcol e carta. Avvertenza: per la pulizia utilizzare detergenti non aggressivi (no acidi).

MANIFATTURA ARTIGIANALE, SUPERFICI IRREGOLARI
(Antique, Brickart)
Piccole imperfezioni, avvallamenti ed incrispature della superficie sono volutamente presenti costituendo specifica caratteristica del prodotto e ne testimoniano la speciale manifattura artigianale.

ENG • GENERAL WARNINGS - Info, installation, care, maintenance, cleaning

POLISHED/SEMIPOLISHED
(Boudoir, Evoque, Inside21, Lichen, Matiere, Park Avenue/Place Vendome/Regent Street, Reverse)
Installation: we recommend a minimum joint of 2 mm; please take the utmost caution when moving and laying the tiles in order to not scratch the surface. After laying, immediately after grouting, proceed in cleaning the tiles and protecting the surfaces until works have concluded on the building site. For cleaning, it is suggested a "PH neutral" base product and test them first on a little area; don't use acids or abrasives that could scratch or damage the surface. Suitable detergents on the market in general bear the description "detergent for delicate surfaces" and are used for marble and natural polished stone. You can use floor steam washer machines or a steam brush.

GLAZE MICROPARTICLES
(Boudoir, Lichen, Park Avenue/Place Vendome/Regent Street, Reverse, Samarcanda, The Club, The Factory)
On the 3rd firing metallic decors some metal microparticles might not be fully fused to the surface. During the first cleanings some particles might be removed from the surface but this is considered a feature of the metallic decor and it doesn't compromise the characteristics of the product.

IRREGULAR GLASS/MOSAIC
(Musiva, Nàttùra, Nordic Stone, The Wall)
Due to the special "hand made" manufacturing process, the glass surface and the colour of the mosaic are never perfectly uniform and homogeneous. Small chips or imperfections on some surfaces are deliberately present and they are a feature of the products.

CRACKLE
(The Traditional Style)
Care should be taken when fixing this material. Don't use anything on the surface of the tiles (marker, ink, etc…) because the stains penetrate the surface of the tiles. After the fixing before grouting: wait for 1 or 2 days for setting up the "crackle glaze" and use a sealing (anti oils and anti water ie: FILA ES82) product. For a better cleaning we advise dry cut, should be a "water" cut anyway used, we highly recommend to clean the surface immediately. Complaints due to a layout careless or fixing mistakes will not be accepted at all. Cleaning instructions: use neutral detergent, not acid (ie: FILACLEANER) or ethyl alcohol.

METAL SURFACES
(Bamboo, Boudoir, Brickart, Ermitage, Inside21, Lichen, Musiva, Park Avenue/Place Vendome/Regent Street, Reverse, Steve Kaufman, The Club, The Factory, Vintage, Visionnaire)
Manufacturing of this product has been realized with hand crafted procedures and not industrial. Small imperfections, subsidence and ripples of the surface are deliberately present and they are a feature of the product, proving the hand-made manufacturing procedure. The metal effects on the surface may eventually oxidize: ordinary cleaning shall then be done with detergents normal used for glass or with alcohol and paper.
Warning: Use non aggressive (no acids) detergents when cleaning.

CRAFT PRODUCTION, IRREGULAR SURFACES
(Antique, Brickart)
Small imperfections, pins or ripples on the surfaces are deliberately present and they are a feature of the products, granting the hand crafted process of the product.

FRA • AVVERTISSEMENTS GÉNÉRAUX - Informations, pose, jointoiement et nettoyage

SEMI POLI
(Boudoir, Evoque, Inside21, Lichen, Matiere, Park Avenue/Place Vendome/Regent Street, Reverse)
Un joint minimum de 2 mm est recommandé pour les produits polis. Nous recommandons la plus grande prudence lors de la manipulation et de la pose des carreaux eux-mêmes, afin de ne pas endommager la surface. Après la pose, immédiatement après le jointoiement, il est recommandé de nettoyer les carreaux et il est conseillé de protéger les surfaces jusqu'à la fin des travaux de construction. Pour le nettoyage, nous vous conseillons d'utiliser des produits au PH neutre sans abrasifs qui pourraient rayer la surface, testés au préalable sur une petite portion. Les détergents appropriés sur le marché portent généralement la description « détergent pour surfaces délicates » et sont utilisés pour le marbre et les pierres naturelles polies. Il est possible d'utiliser des machines de nettoyage des sols à vapeur ou des vadrouilles à vapeur.

MICROPARTICULES METALLIQUES
(Boudoir, Lichen, Park Avenue/Place Vendome/Regent Street, Reverse, Samarcanda, The Club, The Factory)
Sur les 3èmes décors métalliques, quelques microparticules métalliques de l'effet moucheté pourraient ne pas être entièrement fusionnées à la surface. Lors des premiers nettoyages quelques particules pourraient être enlevées de la surface mais ceci est tout à fait normal pour ce genre de décor et il ne remet pas en question les caractéristiques du produit.

VERRE EBRECHÉ/MOSAIQUE
(Musiva, Nàttùra, Nordic Stone, The Wall)
Le verre sur la surface est le résultat d'une production artisanale, il est à noter que: Les carreaux et la couleur de la mosaïque ne sont jamais parfaitement uniforme ni homogène. Les petites ébréchures et imperfections, présentes dans quelques carreaux, sont en fait des caractéristiques du produit.

CRAQUELÉE
(The Traditional Style)
Instructions pour la pose du produit: ne pas altérer en surface les carreaux avec des matériaux solides ou liquides (ex : crayon, encre…), sinon les marques peuvent pénétrer en profondeur. Après la pose, avant de continuer le stucage: attendre un jour ou deux pour stabiliser au mieux le craquelage et appliquer sur le revêtement un traitement de protection avec un produit huile hydrofuge (FILA ES82) et le laisser agir pendant quelques heures. Pour un meilleur entretien des carreaux, nous vous conseillons de couper à la machine classique et non pas au disque à eau. Il est recommandé de nettoyer le plus rapidement possible le carreau après la pose. Nous n'accepterons aucun litige pour cause d'inattention et de négligence pendant les différentes phases de mise en oeuvre. Pour nettoyer utiliser un détergent neutre, pas acid (p.e. FILACLEANER) ou du alcool éthylique.

SURFACES METALLIQUES
(Bamboo, Boudoir, Brickart, Ermitage, Inside21, Lichen, Musiva, Park Avenue/Place Vendome/Regent Street, Reverse, Steve Kaufman, The Club, The Factory, Vintage, Visionnaire)
Ce ci est le résultat de un produit artisanal. Il est à noter que : les petites imperfections, ébréchures, point émaillée, présent dans quelques carreaux, sont en fait témoignage d'une production pas-industrielle. La particularité de ces produits ce da son aspect métallisé. L'utilisation des émaux constitués de micro granule en métal, ce qui dote le produit d'un aspect similaire à celui des lames en métal et nous permet d'obtenir un résultat harmonieux, et nuancée (caractéristiques du produit). Pour l'entretien quotidien de la surface, il est conseillé d'utiliser détergents ordinaire qui se trouve dan le commerce pour le miroir ou le verre. MISE EN GARDE: pour le nettoyage, il faut donc utiliser des produits doux, (pas acides), vu que nous sommes devant un émaux métallisé.

FABRICATION ARTISANALE, SURFACE IRRÉGULIÈRE
(Antique, Brickart)
De petites imperfections, creux et ondulations sur la surface sont délibérément présents, constituant une caractéristique spécifique du produit et témoignent de son savoir-faire particulier.

DEU • ALLGEMEINE HINWEISE - Informationen zur Verlegung, Verfugung und Reinigung

ANGESCHLIFFEN
(Boudoir, Evoque, Inside21, Lichen, Matiere, Park Avenue/Place Vendome/Regent Street, Reverse)
Fuer die polierten Produkte wird eine Mindestfuge von 2 mm empfohlen; hoechste Vorsicht ist beim Umgang und bei der Verlegung dieser Fliesen geboten, um die Oberflaeche nicht zu beschaedigen. Nach der Verlegung, unmittelbar nach der Verfugung sind die Fliesen zu reinigen und es empfiehlt sich, die verlegte Flaeche bis zum Ende der Bauarbeiten zu schuetzen. Fuer die Reinigung ist der Gebrauch von PH-neutralen Produkten geboten und auf die Verwendung kratzender Putzmittel ist zu verzichten, um die polierten Oberflaechen nicht zu beschaedigen. Man sollte deshalb zunaechst auf einer kleinen Flaeche den Gebrauch der Reinigungsmaterialien testen. Geeignete Mittel werden in der Regel mit dem Praedikat "fuer empfindliche Oberflaechen" versehen und werden zumeist fuer den Einsatz bei der Reinigung von Marmor und polierten Natursteinen empfohlen. Der Einsatz von elektrischen Dampfreinigern und – besen ist moeglich.

METALLSTAUB
(Boudoir, Lichen, Park Avenue/Place Vendome/Regent Street, Reverse, Samarcanda, The Club, The Factory)
Bei den metallenen Dekoren ist der Pulvereffekt zu beruecksichtigen. Bei der Glasur werden mitunter Teile des aufgetragenen Metallpulvers nicht vollstaendig geschmolzen, da die Saettigungsgrenze ueberschritten wurde. Deshalb koennen diese uebrigbleibenden Anteile beim Reinigen geloest werden, was allerdings weder die Beschaffenheit des Dekors beeintraechtigt noch dessen Qualitaet kompromittiert.

UNREGELMAESSIGKEITEN DER GLASOBERFLAECHE/MOSAIK
(Musiva, Nàttùra, Nordic Stone, The Wall)
Infolge der besonderen handwerklichen Bearbeitung der Glasoberflaeche ist diese nicht immer gleichmaessig und einheitlich. Diese Unregelmaessigkeiten, die Tonalitaeten sowie leichten Splitterungen im Kantenbereich der Tozzetti sind ein Charakteristikum des Produktes.

KRAKELEEN
(The Traditional Style)
Achtung! Beachten Sie folgende Hinweise zur Verlegung! Sorgen Sie dafuer, dass die Oberflaeche der Fliesen nicht mit festen oder fluessingen Materialien wie Markern, Tinte, etc. in Beruehrung kommt, damit keine Flecken in diese eindringen koennen. Nach der Verlegung (Kleben) aber vor der Verfugung sollten Sie: ein oder zwei Tage vergehen lassen, damit sich die Krakelée" stabilisieren kann und die Fliesen zum Schutz vor Verschmutzung mit einer wasserabweisenden Loesung (Parafin oder Aehnlichem FILA ES82) behandeln und anschliessend einige Stunden wirken lassen. Ausserdem empfehlen wie aus sauberkeitstechnischen Gruenden das Trockensschneiden. Beim evtl. Nassschneiden ist unverzueglich und grendlich zu reinigen. Wir weisen ausdruecklich sarauf hin, dass Reklamationen nicht akzeptiert werdwn koennen, wenn die o.a. Hinweise bei der Verlegung nicht beruecksichtigt wurden! Zur reinigung nur ph-neutrale Mittel benutzen, (Z.B FILA – CLEANER) keinestarksaurenprodukte oder verduennten Alkohse.

METALLISCHE OBERFLAECHEN
(Bamboo, Boudoir, Brickart, Ermitage, Inside21, Lichen, Musiva, Park Avenue/Place Vendome/Regent Street, Reverse, Steve Kaufman, The Club, The Factory, Vintage, Visionnaire)
Die Herstellung dieses Produktes erfolgt ueber handwerkliche Verfahrensweisen und keine industriellen. Kleine Unregelmaessigkeiten und Unebenheiten der Oberflaechen sind bewusst vorhandene Charakteristiken des Produktes und bezeugen eben seine speziell handwerkliche Herkunft. Fliesen mit metallener Optik koennen aufgrund Ihrer besonderen Anfertigung sowie der verwendeten Glasuren eine sichtbare Farbaenderung und Oxidation erfahren, die charakteristisch sind fuer diese Art von Produkten. Zur Reinigung wird empfohlen, sich wie bei einer Glasflaeche zu verhalten: indem man Alkohol und Papier benutzt. In jedem Fall duerfen keine aggressiven (saeurehaltigen) Mittel verwendet werden und der Gebrauch von kratzenden Gegenstaenden ist zu vermeiden.

HANDWERKLICHE HERSTELLUNG
(Antique, Brickart)
Kleine Unregelmaessigkeiten, Unebenheiten und Wellen in der Oberflaeche sind gewollt und bilden einen Teil der Besonderheit des Produktes, indem sie die spezielle handwerkliche Bearbeitung bezeugen.

RUS • ОБЩИЕ ПРИМЕЧАНИЯ - Информация, укладка, затирка и чистка

ЛАППАТИРОВАНИЕ
(Boudoir, Evoque, Inside21, Lichen, Matiere, Park Avenue/Place Vendome/Regent Street, Reverse)
Для лаппатированного материала советуем минимальный шов 2 мм; просьба предусматривать максимальные меры предосторожности во время перемещения и укладки плит во избежание их повреждения. После укладки и сразу же после затирки рекомендуется немедленная чистка плит и защита поверхности до завершения на месте произведения работ. Для чистки материала советуем использование нейтральных и неабразивных средств, чтобы не поцарапать поверхность, предварительно проверив средства на небольшом участке поверхности. Подходящие средства обычно имеют описание «чистящее средство для деликатных поверхностей» и используются для мрамора и полированного натурального камня. Возможно использовать поломоечные машины на пару или паровые швабры.

МЕТАЛИЗИРОВАННЫЕ НАПЛЕНИЯ
(Boudoir, Lichen, Park Avenue/Place Vendome/Regent Street, Reverse, Samarcanda, The Club, The Factory)
Для металлизированных декоров следует учитывать эффект "напыления". Некоторые маленькие частички блеска могут быть не до конца расплавлены на поверхности. Первичные чистки могут удалить незакрепленные на поверхности частицы. Это является характерной чертой металлизированных декоров и не компроментирует свойств изделия.

НЕРЕГУЛЯРНОСТЬ СТЕКЛЯННОЙ ПОВЕРХНОСТИ/ МОЗАИКА
(Musiva, Nàttùra, Nordic Stone, The Wall)
Вследствие особого ручного производственного процесса стеклянная поверхность и цвет мозаики никогда не являются абсолютно одинаковыми и идеально ровными. Маленькие царапины или другие присутствующие неточности на некоторых поверхностях намеренно присутствуют и являются частью характеристики продукта.

КРАКЕЛЮР
(The Traditional Style)
Инструкции по укладке. Не пачкать поверхность плитки, используя твердые или жидкие материалы (например фломастеры, чернила...), поскольку пятна могут проникать в глубину. После укладки, прежде чем начать оштукатуривание, следует: подождать один или несколько дней, чтобы стабилизировалось стекло ''craquélé'' подвергнуть изделие защитной обработке с помощью масло- и водоотталкивающего средства, оставляя действовать на несколько часов. Рекомендуем резку сухим способом из соображений чистоты. При гидрорезке рекомендуется немедленная и эффективная чистка. Претензии, вызванные недостатком внимания при укладке, не будут приняты. Для чистки использовать нейтральное чистящее средство (например FILACLEANER) или этиловый спирт.

МЕТАЛИЗИРОВАННЫЕ ПОВЕРХНОСТИ
(Bamboo, Boudoir, Brickart, Ermitage, Inside21, Lichen, Musiva, Park Avenue/Place Vendome/Regent Street, Reverse, Steve Kaufman, The Club, The Factory, Vintage, Visionnaire)
Производство этого продукта была выполнена ремесленным, а не промышленным способом. Маленькие неточности, впадины и складки поверхности намеренно присутствуют, являясь особой характеристикой продукта, и свидетельствуют об его ремесленном способе производства. Учитывая особенности обработки и используемую глазурь, металлизированный фон может представлять эффект окисления и изменения оттенка, что является особенностью изделия. Для его чистки следует использовать спирт и бумагу, как для нормальной поверхности из стекла.Внимание: для чистки пола использовать неагрессивные чистящие средства (некислотные), из-за наличия металлизированной глазури.

ИЗДЕЛИЯ РУЧНОГО ИЗГОТОВЛЕНИЯ, НЕРОВНЫЕ ПОВЕРХНОСТИ
(Antique, Brickart)
Маленькие неточности, впадины и складки поверхности намеренно присутствуют, являясь особой характеристикой продукта, и свидетельствуют об его особом ремесленном способе производства.
