# DISCLAIMER

---

## **Photography**

All images are for indicative purposes only. Due to differing lighting and printing inks the colours shown throughout this brochure may differ slightly from actual tiles. It is recommended that a sample tile from the current batch be ordered for a more accurate colour representation.

## **Shade Variation**

Shade variation is an inherent feature of porcelain and ceramic tiles we therefore recommend that a satisfactory blend is achieved prior to fixing. It is also recommended that sufficient tiles are purchased at one time as there may be a shade variation between batches. No liability for shade issues will be accepted after fixing.

## **Dimensions**

Nominal dimension are shown throughout this brochure, these are subject to minor variation within international standards.
